## Introduction

Mayor Richard H. Carr, City Council  
and the Citizens of the City of Maumee, Ohio:

We are pleased to present the Comprehensive Annual Financial Report for the City of Maumee (the "City") for the fiscal year ended December 31, 2019. The report has been prepared in conformity with generally accepted accounting principles (GAAP) and guidelines recommended by the Government Finance Officers Association of the United States and Canada (GFOA) and audited in accordance with Generally Accepted Auditing Standards (GAAS). GAAP requires a narrative introduction, overview, and analysis called the Management's Discussion and Analysis (MD&A) to accompany the basic financial statements. This Letter of Transmittal (LOT) is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

## The Report

While there is no legal requirement for the preparation of this report, it represents a commitment by the City of Maumee to conform to nationally recognized standards of excellence in financial reporting. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material respects; is presented in a manner designed to fairly set forth the financial position and results of operations of the City; and includes all disclosures necessary to enable the reader to gain an understanding of the City's financial activity.

*State law*, along with *Administrative Rules* of the Auditor of State, requires all city governments to publish an Annual Report within 150 days of the close of each fiscal year. This report must present a complete set of financial statements presented in conformity with GAAP. Various City debt service *Trust Agreements* require Audited Annual Reports in accordance with GAAS. Pursuant to these requirements, we hereby issue the CAFR of the City of Maumee, Ohio, for the fiscal year ended December 31, 2019.

Management of the City has established various internal controls designed to compile reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City's various internal controls are designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. We believe the data, as presented, is accurate in all material respects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the City; and that all disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been presented.

***Letter of Transmittal  
For the Year Ended December 31, 2019***

---

The City's financial statements have been audited by the audit staff of the James G. Zupka, CPA, Inc.

The Auditor issued an unmodified opinion that the basic financial statements are presented fairly in conformity with GAAP, in all material respects, representing the financial position of the City as of December 31, 2019. The report from the Auditor is presented as the first component of the financial section of this report.

***PROFILE OF THE CITY OF MAUMEE***

**Location**

The City of Maumee, Lucas County, Ohio, is situated in the beautiful Maumee River Valley, approximately nine miles southwest of downtown Toledo. Its 10.6 square mile area serves a residential population of 14,286 (revised 2010 Census). The land use is broken down as follows: 51% is residential, 40% is commercial or industrial, 8% is governmental or educational, and 1% is agricultural. The City's elevation is approximately 638 feet above sea level with median temperatures of 75F degrees in summer and 30F degrees in winter. Interstate Highways 80/90 (the Ohio Turnpike) and 475 serve as the City's major transportation arteries. The City is also served by one state highway (State Route 25) and four U.S. highways (U.S. Routes 20, 20A, 23 and 24). Another transportation route aiding the City is the north-south Interstate Highway I-75 that joins I-475 approximately 3 miles east.

**Historical Information**

Much of Ohio's Indian population was concentrated along the Maumee River, which served as a vital link to the British army post in Detroit, Michigan during the latter part of the 1700's. General Anthony Wayne led American troops against the Indians and won the decisive Battle of Fallen Timbers in 1794, opening the area to settlement. The War of 1812 permanently secured the area for the United States. The site of Maumee was first surveyed in 1817 by William Oliver, a former scout and officer at Fort Meigs. In 1820 Waynesfield Township was formed and in 1838 was incorporated as Maumee City.

During the mid 1800's, the Wabash and Lake Erie Canal and the newly completed Miami and Erie Canal turned Maumee into a bustling trade center. The large lake ships were unable to use the docks at Maumee because the river was too shallow in spots. Toledo gradually became the leading port in the Maumee Valley. Maumee served as the county seat of Lucas County until 1852 when the county seat moved to Toledo. The locks that connected the canal and the Maumee River are still visible today in the City's Towpath Park. Old Fort Miami, held by the British during the War of 1812 and the site of Dudley's Massacre lie within Maumee. Fort Meigs, a strategic location during the War of 1812 and later reconstructed as a historical monument, lies directly across the Maumee River in Perrysburg.

**Form of Government**

The City of Maumee, Ohio is a home-rule municipal corporation created under the laws of the State of Ohio. The City operates under its own Charter. The current Charter, which provides for a Council/Mayor form of government, was adopted in 1951 and has been amended seven times (1958, 1968, 1976, 1989, 1994, 2005, and 2006). Legislative authority is vested in a seven-member City Council. All members are elected at-large to serve four-year terms. The Council establishes compensation of City officials and employees and enacts ordinances and resolutions relating to City services, tax levies, the appropriation and borrowing of money, the licensing and regulation of businesses and trades and other municipal purposes. The presiding officer is the Mayor, who has no vote unless there is a tie vote of the members of City Council. The Charter establishes certain administrative departments and the City Council may establish divisions of those departments and/or additional departments.

***Letter of Transmittal  
For the Year Ended December 31, 2019***

---

The City's chief executive and administrative officer is the Mayor, who is elected by the voters specifically to that office for a four-year term. The Mayor appoints, subject to the approval of Council, all the directors of the City's departments. The key appointed officials are the Finance Director, Law Director and the Directors of Public Service and Public Safety. The Director of Public Safety has also been appointed the City Administrator. The Mayor also appoints members to a number of boards and commissions and appoints and removes, in accordance with civil service requirements and various contract provisions, all non-elected City employees.

**Municipal Services**

**Police Services:**

Current authorized strength of the Maumee Police Division includes 25 patrol officers, four detectives, one D.A.R.E. officer, two school resource officers, eight sergeants, two lieutenants and a Chief. This safety force is supported by ten dispatchers, three clerical employees and one animal control officer. Total police training hours completed in 2019 were 8,471.5. The Police Division is certified with the Ohio Collaborative Advisory Board of the Ohio Criminal Justice Services. The division has eight patrol cars and is responsible for patrolling about 137 miles of streets. Due to its full-time status, the Police Division is entirely self-sufficient and provides 24-hour protection. In an unusually demanding situation, the division can call upon other local law enforcement agencies for assistance through a mutual aid contract entered into with other municipalities in Lucas County. In 2015, the Village of Ottawa Hills, Ohio contracted their dispatch operations with the City of Maumee. Maumee dispatchers now provide services and enter calls for the Ottawa Hills Police Division.

The Police Division coordinates a city sponsored Drug Forum to educate citizens of all ages within the community about drug use and prevention and treatment recommendations. The Police Division also participated in the Lucas County OVI Task Force during 2019 along with an OVI Checkpoint one-day event. Other programs offered by the Police Division is the Citizens Police Academy, "R.U.O.K." a safety program for seniors, hotel night clerks, and gas station attendants. In 2016 a new program for Senior Citizens involves a weekly in-person check by a uniformed officer. Community Watch Map, College Internships, A.L.I.C.E. Drills, Child Safety Seat Check, Seatbelt Safety to 3<sup>rd</sup> graders, Safety City, D.A.R.E. Program, Drug Take Back Program and Bike Safety Program.

**Fire and Emergency Medical Services:**

The City's Fire Division personnel include 21 full-time, 14 part-time and 29 volunteer employees. In 2019 the Division implemented a new 48 hour weekend "Station Staffing" with two part-time personnel. Equipment includes three fire engines, two ladder trucks, one heavy rescue truck, three advanced life support ambulances, one boats and one jet-ski for river rescues. There are also six SUV's used by chief officers and fire prevention staff, one SUV for EMS response, and one pickup truck. The Fire Division personnel completed a total of 3,563 hours of training in 2019. The Fire Division responded to 660 Fire calls and 3,982 EMS calls in 2019. Maumee received a Class 3 ISO rating in 2010 due to improved water line maps, newer fire equipment and vehicles, training hours, response times, fire inspections, fire losses in relation to property value, and the frequency of equipment testing. In addition, the City houses and operates a Lucas County EMS life squad staffed by full-time paramedics. The Fire Prevention Bureau performed 1,904 fire inspections in 2019. Community outreach by the Fire Division provided 64 fire education classes, the 8<sup>TH</sup> Annual Pancake Breakfast with Santa, Shop with a Hero, 3rd Annual Maumee

***Letter of Transmittal  
For the Year Ended December 31, 2019***

---

Firefighting Association Chicken BBQ, trained school staff at MCS Safety Training Day, provided 6 educational classes and public relations events, continued the Senior Outreach Program, hosted a UTMC/Monroe Mercy ER residents training day with over 50 medical students, and gave out 488 free smoke detectors through the FEMA grant and the American Red Cross program.

**Service Department:**

Streets, parks, and other City facilities are maintained by 36 full-time equipment operators, laborers, and supervisors of the service department organized in the Construction, Operations, Streets and Natural Resources Divisions. The Service Department also includes the Recreation Division and the operation of Riverside Cemetery.

**Parks and Recreational Facilities:**

The City owns fourteen parks totaling nearly 126 acres including Fred J. Rolf Park which contains the City's swimming pool, eight softball diamonds surrounding two concession/equipment buildings, and five soccer fields. Rolf Park Pool opened its gates in 2012. For the year 2019, attendance was 19,930 and admission sales were \$157,277.

Rolf Park is home of Maumee High School, Middle School, and 4<sup>th</sup> and 5<sup>th</sup> grade spring softball programs. In the summer months, Rolf Park hosts many softball tournaments in conjunction with various organizations and records over 1,600 played official games each year. The new River Road Bike Path completed in 2015 is 3.1 miles for multi-use recreation. The S. E. Klewer Towpath Park, located along the Maumee River, features a walking trail along the canal earthworks and the remnants of locks from the days of the Miami and Erie Canal. The City also has within its boundaries Sidecut Metropark, one of the parks of the Metropolitan Park District of the Toledo Area. Maumee is the site of the Lucas County Recreation Center event facilities and the home of the Lucas County Fair. The City also operates the remodeled and expanded Maumee Indoor Theater - a cinema, performance, and meeting venue.

**Riverside Cemetery:**

Riverside Cemetery is older than the city itself as the first burial was done in 1835. The first deed was issued by the village in 1900 at the cost of \$5 per lot. Currently, a single lot in Riverside ranges in price from \$450 to \$750. The cemetery has 10 developed acres with 2,700 burials that overlook the scenic Maumee River on River Road past Side Cut Metropark. In addition, there are eight undeveloped acres for future use. In October 2015, the city purchased Cemetery Information Management System (CIMS) software from Ramaker & Associates. This software will help improve the efficiency of documentation to be used for items such as genealogy requests, locating of graves, aerial photos, creation of interactive maps, grave sales and deed creation. In 2019, there were 30 burials during the year. The cemetery is managed and maintained by the Department of Public Service.

***Letter of Transmittal  
For the Year Ended December 31, 2019***

---

**Water and Wastewater:**

Water is treated by the City of Toledo and purchased on a contractual basis for delivery through the distribution system owned and maintained by the City of Maumee. In 2019 a new 40 year Uniform Water Purchase agreement was reached with the City of Toledo and partnered with the Regional Water Commission. The city's average daily water demand was 1.913 million gallons per day, close to the same as the past four years. The Automated Meter System has helped the Water Division to be proactive in response to consumer problems with leaks, and responded to 370 home checks in 2019.

Wastewater collection is handled through the City's sanitary sewer system, which it owns and maintains. Wastewater treatment is provided by Lucas County on a contractual basis. Eighteen employees of the Water and Sewers Divisions maintain the City's lines and pumping stations. The Sewer Division offers lateral camera inspection to residents and completed 74 video inspections in 2019. There were approximately 1452.2 million gallons of waste water treated, a daily average of 3.979 million gallons.

**INFORMATION USEFUL IN ASSESSING ECONOMIC CONDITION**

Much of Maumee's economic growth is due to its access to diverse transportation facilities. Immediate access is available via Exit 59 of the Ohio Turnpike (Interstate Highways 80/90), one state highway, four U.S. highways and Interstate Highway 475. The City is served by the Norfolk and Southern Railroad. The County is served by Amtrak and Toledo Express Airport. The City is also served by the Toledo Area Regional Transit Authority (TARTA), a public mass transit system. In addition, the Toledo-Lucas County Port Authority provides nearby international and Great Lakes shipping facilities.

The City is home to a very successful business park development. Arrowhead Park and the adjacent industrial and commercial property have been touted as one of the leading edge of industrial/commercial developments in northwest Ohio. The area includes approximately 900 acres with 251 plus businesses. The Park's success is attributed to systematic land use planning and the following infrastructure: sanitary sewers, water lines, storm sewers, street construction, sidewalks, underground wiring for street lighting, traffic control signals, water storage facilities, an auxiliary fire station and the Dussel Drive/I-475 Interchange. An extensive roadway project changing the configuration of the I-475/Salisbury Road/West Dussel Drive interchange, including the widening of West Dussel Drive, was completed in 2012. The businesses along with the 14,000 individuals they employ will benefit greatly from the roadway project, aimed at reducing traffic congestion in that area.

Maumee's business community consists of manufacturing, warehousing and distribution, health services, financial services, agricultural businesses, corporate offices, research and development, and service and retail facilities. Maumee's major employers include United Parcel Service; St. Luke's Hospital; Dana Corporation; Paramount Care Inc; Maumee City School District; Therma Tru Corp. ; Spartan Chemical Co.; Matrix Technologies Inc.; Promedica Healthcare; and Wellcare Physicians.

The Shops at Fallen Timbers opened in October 2007 as a lifestyle center mall with three anchor stores and a multiplex theater. To develop the infrastructure, the City created the Fallen Timbers Tax Increment Financing (TIF) district on its western periphery, covering over 400 acres including the Shops at Fallen Timbers and the adjacent commercially zoned areas. The TIF itself exists on a parcel by parcel basis, where its revenue capturing mechanism is activated upon the issuance of a building permit for any given parcel. Once activated, TIF revenue generated by development on the individual parcel is captured by the

***Letter of Transmittal  
For the Year Ended December 31, 2019***

---

City of Maumee for a period of 30 years. The purpose of the revenue is to be used for capital improvements serving the TIF asset while a smaller portion is also shared with the Anthony Wayne School District in exchange for its concurrence in the establishment of the TIF District. Relative to City's finances, the Fallen Timbers TIF serves to augment capital funding. The City recorded revenue for 2019 of \$2,323,481 and the year end 2019 TIF Fund balance of \$4,985,842.

As a means of fostering business development within the City without sacrificing school district revenues through tax abatements, the City initiated a Job Creation and Retention Grant Program in 1992. This innovative program provides grants up to \$20,000 per year for up to ten years for businesses locating or expanding in the City. The amount of the payments is based on income tax withholding and the term of the grant agreement is based on the number of new jobs created. The program has proven quite successful with 10 grants actively in progress, which created or retained over 643 jobs. Three new grant agreements were executed in 2019 attracting or retaining 161 jobs. Grant payments in 2019 totaled \$136,200.

Additionally in the fall of 2009, a Job Creation Mini-Grant Program was initiated which was targeted to fill long-term commercial and industrial vacancies in the community, particularly with smaller firms. There was one new mini-grant agreements executed in 2019.

As permitted by State Law, City Council in 1996 created an Enterprise Zone and in 1996 created a Community Reinvestment Area. To encourage investments in capital improvements and the creation of jobs, subject to applicable program guidelines, real property tax incentives may be granted within the enterprise zone and within the community reinvestment area. In 2002, the City created an additional Community Reinvestment Area to encourage redevelopment in the east side of the City. Currently, there are six active Community Reinvestment abatements.

In 1991, the Cities of Toledo and Maumee agreed to form a Joint Economic Development Zone ( JEDZ) from land within Maumee and Toledo owned land to be annexed to Maumee. Income tax revenue from the MT JEDZ is shared with the City of Toledo (31.25%). In 2019, payments to the City of Toledo totaled \$656,518 with Maumee's share (68.75%) totaling \$1,444,340.

In 2002, the City entered into a Cooperative Economic Development Agreement (CEDA) with the City of Toledo and Monclova Township for a project to encourage the relocation, annexation, and consolidation of the research and development division, and later its world headquarters, of the Dana Corporation to Maumee. The property owner, the City of Toledo, petitioned for annexation of nearly ninety acres to the City of Maumee. Income tax from this area is shared with the City of Toledo (25%) and Monclova Township (25%). In 2019, payments to The City of Toledo and Monclova Township totaled \$413,443 each with Maumee's share (50%) totaling \$826,886.

Also in 2002 the City entered into an agreement with the City of Toledo and Monclova Township for the creation of a Joint Economic Development Zone (JEDZ) in Monclova Township. In 2003, the voters of Monclova Township approved a ballot issue that authorized a JEDZ and a governing board was created to determine what services to provide within the Zone. In 2005, a lawsuit was filed challenging the validity of this JEDZ and in 2006 a favorable ruling freed the JEDZ Board to levy an income tax within the zone. In 2009, a final ruling was issued upholding the validity of the JEDZ and its levy of income taxes; however, notice of appeal on that ruling was subsequently filed by the plaintiffs with the Supreme Court of Ohio which was later denied. Income tax revenue from this JEDZ is shared with the City of Toledo (33.33%) and Monclova Township (33.33%). In 2019, income tax collected by the MMT JEDZ was

**CITY OF MAUMEE, OHIO**

---

**Letter of Transmittal  
For the Year Ended December 31, 2019**

---

\$1,770,543 of which the City received one-third of the net amount. Since 2006, the City of Maumee has been contracted by the Monclova – Maumee – Toledo JEDZ Board to provide income tax collection services for a flat fee equaling 4% of gross revenue.

The 2019 unemployment rate for Lucas County was 4.2% and the State of Ohio was 4.1%. The federal average was 3.5%. The Ohio Bureau of Employment Services does not maintain statistics for the City of Maumee.

**City Awards**

In 2016, the City of Maumee was again designated by Ohio Magazine as one of Ohio’s five “Best Hometowns”; having before received the same distinction in 2006. Also in 2016, SmartAsset.com named Maumee one of the “Top Ten Best Places to Retire in Ohio” for the third consecutive year. Likewise Wallethub.com found the City to be Ohio’s 22<sup>nd</sup> “Best City for Job Seekers” and 30<sup>th</sup> “Best City for Ohio Families” (out of 145 sampled) in 2016. In 2015 Nerdwallet.com scored Maumee as the 14<sup>th</sup> “Best Place to Start a Business” in Ohio out of 228 municipalities reviewed.

Previously, in 2007, Business Week magazine designated Maumee one of “The 25 Best, Affordable Suburbs in the Mid-West”. In 2006, the National Civic League named Maumee an “All-America City”. The All-America City Award encourages civic excellence, honoring communities in which citizens, government, business and nonprofit organizations demonstrate successful resolution of critical community issues. Also in 2006, the City was included in Frommer’s Best Places To Raise Your Family: The Top 100 Affordable Communities in the U.S.

**Employee Relations**

The City has 157 full-time and approximately 126 part-time employees. A statewide public employee collective bargaining law generally applies to public employee and seasonal employee relations and collective bargaining.

A portion of employees are represented by the following bargaining units:

<u>Bargaining Unit</u>	<u>Agreement Expiration Date</u>	<u>Number of Employees Covered</u>
Fraternal Order of Police, Ohio Labor Council	December 31, 2021	50
AFSCME, Ohio Council 8 Local 649	December 31, 2021	43
Maumee Professional Firefighter/ Paramedic Association, IAFF Local 4536	December 31, 2021	17

In the judgment of the City, its employee relations have been and are considered to be good.

***Letter of Transmittal  
For the Year Ended December 31, 2019***

---

**Continuing and Future Projects**

The following major capital improvement projects and expenditures were underway or completed in the City of Maumee during 2019.

**Roadway Improvements**

Each year there are roadway improvement projects undertaken as part of the on-going efforts to address and upgrade City roads.

**2019 Street Maintenance Program**

As part of the City's continuing street maintenance program, the Maumee Service Department annually determines a number of City streets requiring maintenance along with coordinating the project and inspecting the construction. The Street Paving Program included fourteen (14) streets costing over \$1.1 million.

The City's new Side Cut Crossing development started construction and a new entrance will be completed at a cost of \$1 million. The 60 acre site is planned to have a cancer clinic, medical offices, restaurants, hotel and a new assisted living-memory care facility.

The safety upgrade on US 24 to improve intersections and resurface from East Monclova Road to Detroit Avenue is in the design phase. The City in conjunction with the administration of Ohio Department of Transportation obtained federal grant funding for the Safety Improvement of the U.S. 24 intersection. The project will cost over \$8 million and Maumee's share of the federal safety project will be \$1.2 million.

The Lucas County Transportation Improvement District joint cooperation agreement is in the design phase of a new 20A and I-475 Interchange with a diverging diamond design and is estimated at \$30 million. This interchange will open I-475 traffic to the city's Illinois Avenue on the western edge of Maumee which connects to many businesses and manufacturing facilities.

***Capital Projects***

Capital projects in 2019 included the Water Department constructing a new water main costing over \$725,000, a Police Firing Range at a cost of \$869,000 and city-wide LED street conversion at a cost of \$524,000.

**Capital Equipment**

Some other capital equipment purchased in 2019 included two (2) new Police SUV's, a Police transit van, a traffic speed device trailer, five (5) new crossing guard buildings, two (2) Service Department dump trucks, a Ford super duty pickup truck, a Freightliner leaf collector, a Grasshopper mower, two (2) Jacobsen mowers, a Mohawk lift with trailer, and a Chevy Colorado pickup truck.

**Technological Enhancements**

The City continues to upgrade technology with a planned schedule of annual computer equipment purchases. Each year computers are in a five year rotation plan to be replaced with new PC's. In 2019 additions were: 22 desktop computer, 5 copy machines, 3 laptops for Ambulance, 2 new desktop scanners, a laser printer, 7 wireless access points, 5 Juniper switches, radio antenna and a remote telemetry system,

**AWARDS AND ACKNOWLEDGEMENTS**

**Awards**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Maumee, Ohio for its comprehensive annual financial report for the Fiscal year ended December 31, 2018. To be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. The report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements respective to the reporting entity. A Certificate of Achievement is valid for a period of one year. The City received Certificates of Achievement for the fiscal years ended December 31, 1993 through 2018. Management believes this, our 27th Comprehensive Annual Financial Report, meets the high standards set by the GFOA for a Certificate of Achievement for Excellence in Financial Reporting, and we are submitting the report to the GFOA.

**Public Disclosure**

The publication of this Comprehensive Annual Financial Report is indicative of the City's commitment to provide significantly enhanced financial information and accountability to its citizens. In addition to the citizens of Maumee, the recipients of this report include city, state and federal officials, schools, libraries, newspapers, investment banking firms, banks and rating agencies. The report is made available to any person or organization requesting it. The extensive effort to prepare and distribute this report is indicative of the continued efforts of the City to improve its overall financial accounting, management and reporting capabilities.

**Acknowledgments**

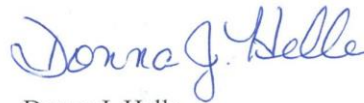

Sincere appreciation is extended to the individuals who have contributed their time and effort in gathering data for this report, particularly the staff of the Finance Department and the Office of the Auditor of Lucas County. Special acknowledgment is extended to the staff of Donald J. Schonhardt and Associates, Inc. for their continued guidance in the preparation of this report.

Finally, special thanks to Mayor Richard H. Carr, the members of Maumee City Council and the City Administration whose support is necessary for the City of Maumee to conform to reporting requirements established for municipal governments to maintain the sound financial position that the City has enjoyed for many years.

Respectfully,

Debra L. Cartledge  
Finance Director

Donne J. Helle  
Assistant Finance Director

***Management's Discussion and Analysis  
For the Year Ended December 31, 2019***

***Unaudited***

---

The discussion and analysis of the City of Maumee's financial performance provides an overall review of the City's financial activities for the fiscal year ended December 31, 2019. The intent of this discussion and analysis is to look at the City's financial performance as a whole; readers should also review the transmittal letter, notes to the basic financial statements and financial statements to enhance their understanding of the City's financial performance.

**FINANCIAL HIGHLIGHTS**

Key financial highlights for 2019 are as follows:

- ❑ In total, net position decreased \$4,572,080. Net position of governmental activities increased \$4,846,184, from 2018. Net position of business-type activities decreased \$274,104 from 2018.
- ❑ General revenues related to governmental activities accounted for \$23.1 million in revenue or 78% of all governmental activities revenues. Program specific revenues related to governmental activities in the form of charges for services and grants and contributions accounted for 22% of total governmental activities revenues of \$29.8 million.
- ❑ The City had \$24.9 million in expenses related to governmental activities; only \$6.6 million of these expenses were offset by program specific charges for services, grants or contributions.
- ❑ Among major funds, the general fund had \$20.2 million in revenues, and \$19.3 million in expenditures, including other financing sources and uses. The general fund's fund balance increased \$995,150 to \$11,302,172 on a modified accrual basis.
- ❑ Net position for enterprise funds decreased by \$215,806 on the fund financial statements.

**OVERVIEW OF THE FINANCIAL STATEMENTS**

This annual report consists of three parts – *management's discussion and analysis*, the *basic financial statements*, and an optional section that presents *combining statements* for nonmajor governmental funds and internal service funds. The basic financial statements include two kinds of statements that present different views of the City:

These statements are as follows:

1. *The Government-Wide Financial Statements* – These statements provide both long-term and short-term information about the City's overall financial status.
2. *The Fund Financial Statements* – These statements focus on individual parts of the City, reporting the City's operations in more detail than the government-wide statements.

The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements.

**Government-wide Statements**

The government-wide statements report information about the City as a whole using accepted methods similar to those used by private-sector companies. The Statement of Net Position includes all of the government's assets, deferred outflows of resources, liabilities and deferred inflows of resources. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements report the City's net position and how they have changed. Net position (the difference between the City's assets, deferred outflows of resources, liabilities and deferred inflows of resources) is one way to measure the City's financial health or position.

- Over time, increases or decreases in the City's net position are indicators of whether its financial health is improving or deteriorating, respectively.
- To assess the overall health of the City you need to consider additional nonfinancial factors such as property tax base, current property tax laws, conditions of the City's infrastructure and continued business investment within the City.

The government-wide financial statements of the City are divided into two categories:

- Governmental Activities – Most of the City's programs and services are reported here including security of persons and property, public health and welfare services, leisure time activities, community environment, basic utility services, transportation and general government.
- Business-Type Activities – These services are provided on a charge for goods or services basis to recover all of the expenses of the goods or services provided. The City's water and sewer services are reported as business-type activities.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the City's most significant funds, not the City as a whole. Funds are accounting devices that the City uses to keep track of specific sources of funding and spending for particular purposes.

Governmental Funds – Most of the City's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the City's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are greater or fewer financial resources that can be spent in the near future to finance City activities. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

***Management's Discussion and Analysis  
For the Year Ended December 31, 2019***

***Unaudited***

Proprietary Funds – Proprietary funds use the same basis of accounting as business-type activities; therefore, these statements will essentially match.

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statement because the resources of those funds are *not* available to support the City's own programs. All of the City's fiduciary activities are reported in separate Statements of Fiduciary Net Position.

**FINANCIAL ANALYSIS OF THE CITY AS A WHOLE**

The following table provides a comparison of the City's net position between 2019 and 2018:

	Governmental Activities		Business-type Activities		Total	
	2019	2018	2019	2018	2019	2018
Current and other assets	\$38,559,301	\$38,232,178	\$5,241,801	\$3,460,370	\$43,801,102	\$41,692,548
Capital assets, Net	84,287,325	83,796,372	9,653,292	9,316,334	93,940,617	93,112,706

Total net position	<u>\$76,139,408</u>	<u>\$71,293,224</u>	<u>\$9,536,655</u>	<u>\$9,810,759</u>	<u>\$85,676,063</u>	<u>\$81,103,983</u>

The net pension liability (NPL) is reported by the City pursuant to GASB Statement 68, "Accounting and Financial Reporting for Pensions—an Amendment of GASB Statement 27." For fiscal year 2018, the City adopted GASB Statement 75, "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions," which significantly revises accounting for costs and liabilities related to other postemployment benefits (OPEB). For reasons discussed below, many end users of this financial statement will gain a clearer understanding of the City's actual financial condition by adding deferred inflows related to pension and OPEB, the net pension liability and the net OPEB liability to the reported net position and subtracting deferred outflows related to pension and OPEB.

Governmental Accounting Standards Board standards are national and apply to all government financial reports prepared in accordance with generally accepted accounting principles. Prior accounting for pensions (GASB 27) and postemployment benefits (GASB 45) focused on a funding approach. This approach limited pension and OPEB costs to contributions annually required by law, which may or may not be sufficient to fully fund each plan's *net pension liability* or *net OPEB liability*.

***Management's Discussion and Analysis  
For the Year Ended December 31, 2019***

***Unaudited***

---

GASB 68 and GASB 75 take an earnings approach to pension and OPEB accounting; however, the nature of Ohio's statewide pension/OPEB plans and state law governing those systems requires additional explanation in order to properly understand the information presented in these statements.

GASB 68 and GASB 75 require the net pension liability and the net OPEB liability to equal the City's proportionate share of each plan's collective:

1. Present value of estimated future pension/OPEB benefits attributable to active and inactive employees' past service
2. Minus plan assets available to pay these benefits

GASB notes that pension and OPEB obligations, whether funded or unfunded, are part of the "employment exchange" – that is, the employee is trading his or her labor in exchange for wages, benefits, and the promise of a future pension and other postemployment benefits. GASB noted that the unfunded portion of this promise is a present obligation of the government, part of a bargained-for benefit to the employee, and should accordingly be reported by the government as a liability since they received the benefit of the exchange. However, the City is not responsible for certain key factors affecting the balance of these liabilities. In Ohio, the employee shares the obligation of funding pension benefits with the employer. Both employer and employee contribution rates are capped by State statute. A change in these caps requires action of both Houses of the General Assembly and approval of the Governor. Benefit provisions are also determined by State statute. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The employee enters the employment exchange with the knowledge that the employer's promise is limited not by contract but by law. The employer enters the exchange also knowing that there is a specific, legal limit to its contribution to the retirement system. In Ohio, there is no legal means to enforce the unfunded liability of the pension/OPEB plan *as against the public employer*. State law operates to mitigate/lessen the moral obligation of the public employer to the employee, because all parties enter the employment exchange with notice as to the law. The retirement system is responsible for the administration of the pension and OPEB plans.

Most long-term liabilities have set repayment schedules or, in the case of compensated absences (i.e. sick and vacation leave), are satisfied through paid time-off or termination payments. There is no repayment schedule for the net pension liability or the net OPEB liability. As explained above, changes in benefits, contribution rates, and return on investments affect the balance of these liabilities, but are outside the control of the local government. In the event that contributions, investment returns, and other changes are insufficient to keep up with required payments, State statute does not assign/identify the responsible party for the unfunded portion. Due to the unique nature of how the net pension liability and the net OPEB liability are satisfied, these liabilities are separately identified within the long-term liability section of the statement of net position.

In accordance with GASB 68 and GASB 75, the City's statements prepared on an accrual basis of accounting include an annual pension expense and an annual OPEB expense for their proportionate share of each plan's *change* in net pension liability and net OPEB liability, respectively, not accounted for as deferred inflows/outflows. As a result of implementing GASB 75, the City is reporting a net OPEB liability and deferred inflows/outflows of resources related to OPEB on the accrual basis of accounting.

***Management’s Discussion and Analysis  
For the Year Ended December 31, 2019***

***Unaudited***

---

The City’s governmental activities net position increased by \$4,846,184 from 2018 to 2019. Much of this increase can be attributed to the decrease in the Police and Fire Net OPEB liability from 2018 to 2019 and the decrease in security of persons and property expenditures related to this. Overall, revenues increased slightly compared to 2018.

The City receives an income tax, which is based on 1.5% of all salaries, wages, commissions and other compensation earned from residents living within the City and from nonresidents for work done or services performed or rendered in the City.

Property taxes, along with payments in lieu of taxes and income taxes made up 13% and 55.1% respectively of revenues for governmental activities for the City in fiscal year 2019. The City’s reliance upon tax revenues is demonstrated by the following graph indicating 68.1% of total revenues from general tax revenues:

Revenue Sources	2019	Percent of Total
General Shared Revenues	\$1,202,843	4.0%
Program Revenues	6,615,062	22.2%
General Tax Revenues	20,255,484	68.1%
General Other	1,682,134	5.7%
Total Revenue	<u><u>\$29,755,523</u></u>	<u><u>100.00%</u></u>

**Management's Discussion and Analysis  
For the Year Ended December 31, 2019**

**Unaudited**

**Business-Type Activities**

The City's business-type activities net position decreased \$274,104. The biggest reason for the decrease in net position was a water line project costing \$883,000 which increased expenses in 2019.

**FINANCIAL ANALYSIS OF THE CITY'S FUNDS**

The City's governmental funds reported a combined fund balance of \$32,628,740, which is an increase from last year's balance of \$32,334,494. The schedule below indicates the fund balance and the total change in fund balance by fund type as of December 31, 2019 and 2018:

	Fund Balance December 31, 2019	Fund Balance December 31, 2018	Increase (Decrease)
General	\$11,302,172	\$10,307,022	\$995,150
Fallen Timbers TIF	5,102,797	5,261,957	(159,160)
Income Tax "B" (.5%)	13,638,443	12,980,787	657,656
Other Governmental	2,585,328	3,784,728	(1,199,400)
<b>Total</b>	<b>\$32,628,740</b>	<b>\$32,334,494</b>	<b>\$294,246</b>

General Fund – The City's General Fund balance increased from 2018 to 2019. The tables that follow assist in illustrating the financial activities and balance of the General Fund:

	2019 Revenues	2018 Revenues	Increase (Decrease)
Property Taxes	\$1,422,594	\$1,344,501	\$78,093
Municipal Income Taxes	11,124,059	10,991,636	132,423
Intergovernmental Revenue	2,376,396	2,278,252	98,144
Charges for Services	1,215,849	1,369,147	(153,298)
Licenses and Permits	510,168	452,754	57,414
Investment Earnings	1,418,032	118,541	1,299,491
Special Assessments	19,197	8,449	10,748
Fines and Forfeitures	981,392	981,528	(136)
All Other Revenue	699,595	867,173	(167,578)
<b>Total</b>	<b>\$19,767,282</b>	<b>\$18,411,981</b>	<b>\$1,355,301</b>

General Fund revenues in 2019 increased \$1,355,301 compared to revenues in fiscal year 2018. The most significant factor contributing to this increase in revenue was an increase in investment earnings due to the strong local and national economic situation in 2019.

Public Health and Welfare Services	206,282	178,894	27,388
Leisure Time Activities	1,885,585	1,919,217	(33,632)
Community Environment	736,916	724,245	12,671
Basic Utility Services	1,084,103	1,033,315	50,788
Transportation	1,574,420	1,597,814	(23,394)
General Government	3,623,378	3,630,991	(7,613)
Total	<u>\$18,756,206</u>	<u>\$18,572,348</u>	<u>\$183,858</u>

General Fund expenditures increased slightly by \$183,858 compared to the prior year. The main increase was in the area of Security of Persons and Property. This can be attributed to a slight increase in expenditures related to the daily operation of the City during 2019.

For the Fallen Timbers TIF Fund, the fund balance decrease was mainly due to a slight increase in community environment expenditures from 2018 to 2019. All other revenue and expenditures remained constant from 2018 to 2019.

For the Income Tax "B" (0.5%) Fund, the increase in Fund Balance of \$657,656 was related to a decrease in transfers out to other funds from 2018 to 2019.

The City's budget is prepared according to Ohio law and is based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted fund is the General Fund.

During the course of fiscal year 2019, the City amended its General Fund budget several times, none of which were significant.

For the General Fund, final budget basis revenue, including other financial sources, of \$21.7 million changed by \$1.5 million from the original budget estimates. The General Fund had an adequate fund balance to cover expenditures.

***Management's Discussion and Analysis  
For the Year Ended December 31, 2019***

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

***Capital Assets***

At the end of fiscal 2019 the City had \$93,940,617, net of accumulated depreciation, invested in land, improvements, infrastructure, buildings, machinery and equipment and construction in progress. Of this total, \$84,287,325 was related to governmental activities and \$9,653,292 to the business-type activities. The following table shows fiscal year 2019 and 2018 balances:

	Governmental Activities		Increase (Decrease)
	2019	2018	
Land	\$7,149,545	\$7,179,540	(\$29,995)
Construction in Progress	2,157,305	805,313	1,351,992
Buildings & Improvements	58,493,202	57,298,376	1,194,826
Machinery and Equipment	19,352,406	19,158,815	193,591
Infrastructure	60,819,803	59,605,021	1,214,782
Less: Accumulated Depreciation	(63,684,936)	(60,250,693)	(3,434,243)
Totals	\$84,287,325	\$83,796,372	\$490,953

	Business-Type Activities		Increase (Decrease)
	2019	2018	
Land	\$118,864	\$118,864	\$0
Construction in Progress	3,549	3,549	0
Buildings and Improvements	24,526,869	23,796,361	730,508
Machinery and Equipment	2,483,086	2,359,244	123,842
Less: Accumulated Depreciation	(17,479,076)	(16,961,684)	(517,392)
Totals	\$9,653,292	\$9,316,334	\$336,958

The primary increase occurred in Machinery and Equipment for the Governmental Activities. New vehicles were purchased including three new Police vehicles, a traffic speed device trailer, 5 crossing guard buildings, 2 Service Department dump trucks, a Ford Super Duty pickup truck, a Freightliner leaf collector, 3 commercial mowers, a Mohawk lift unit, a Chevy Colorado pickup truck, 22 desktop computers, five copier machines and 3 laptop computers.

The main increase for the Business-type activities was the new Loch Haven Water Main project.

Construction in Progress include the Anthony Wayne Trail Safety Improvements, Elizabeth Street Sanitary Sewer Pump Station, Side Cut Crossing Development, Mingo Drive Paving, and Conant Street Safety Upgrade. Additional information on the City's capital assets can be found in Note 11.

***Management's Discussion and Analysis  
For the Year Ended December 31, 2019***

***Unaudited***

***Debt***

At December 31, 2019, the City had \$18.3 million in long-term bond obligations outstanding, \$2,450,000 due within one year. The following table summarizes the City's debt outstanding as of December 31, 2019 and 2018:

	2019	2018
Governmental Activities:		
General Obligation Bonds	\$15,838,784	\$17,933,038
Compensated Absences	2,186,915	2,148,107
Net Pension Liability	23,599,389	15,579,266
Net OPEB Liability	7,711,043	12,803,227
Workers' Compensation Liability	13,035	43,856
Ohio Police and Fire Pension		
Accrued Liability	39,586	41,367
Total Governmental Activities	<u>49,388,752</u>	<u>48,548,861</u>
Business-Type Activities:		
General Obligation Bonds	\$2,443,506	\$513,008
Compensated Absences	211,479	210,160
Net Pension Liability	1,968,289	1,127,898
Net OPEB Liability	977,775	807,476
Total Business-Type Activities	<u>5,601,049</u>	<u>2,658,542</u>
Totals	<u>\$54,989,801</u>	<u>\$51,207,403</u>

State statutes limit the amount of unvoted general obligation debt the City may issue. The aggregate amount of the City's unvoted debt is also subject to overlapping debt restrictions with other political subdivisions. The actual aggregate amount of the City's unvoted debt, when added to that of other political subdivisions within the respective counties in which Maumee lies, is limited to ten mills. At December 31, 2019, the City's outstanding debt was below the legal limit. Additional information on the City's long-term debt can be found in Note 15.

**ECONOMIC FACTORS**

The City budgets conservatively for both revenue and expenditures. The City also recognizes that many amendments to the budget are required during the year and anticipates the needs and activities to be defined throughout the year. Original budget General Fund revenues, minus other financing sources, were projected to increase from 2018 by 3.5% and expenditures, minus other financing sources were projected to increase 1.45%. Actual General Fund revenues increased by 2.6% with actual General Fund expenditures increasing by 2.68%.

The City's largest source of revenue is an income tax of 1.5% levied by the City. On a cash basis, the City's income tax revenue increased by 1.93% in 2019. One percent of the tax rate is available for general purposes while one-half percent is restricted to capital improvements.

The City continued its commitment to major capital improvements in 2019. Some of the 2019 major capital projects and expenditures are as follows.

**I-475 / U.S. 20A Interchange**

The City of Maumee in conjunction with the Lucas County Engineers, Monclova Township, The Port Authority and the Ohio Department of Transportation are under design for a new interchange from U.S. 20A to I-475 / U.S. 23. The interchange will be a diverging diamond design and is estimated at \$30 million. This interchange will open I-475 traffic to the city's Illinois Avenue on the western edge of Maumee which connects many businesses and manufacturing facilities. Lucas County Engineers has created a Transportation Improvement District (TID) to take advantage of funding when it becomes available. ODOT is responsible for paying 50% of the engineering costs and the local entities are required to come up with 50% matching monies. State and Federal funding has been awarded. The project is currently under design and Maumee, Monclova Township and the Lucas County Engineers have each pledged \$394,897 and the Lucas County Port Authority has pledged \$134,073. Final design is expected to be completed in late 2020 with construction expected to start in 2022.

**U.S. 24 Safety Upgrade**

The safety upgrade on U.S. 24 to improve intersections and resurface from East Monclova Road to Detroit Avenue is in design phase. The City in conjunction with the administration of Ohio Department of Transportation obtained federal grant funding for the safety improvement of these U.S. 24 intersections. The project will cost over \$8 million and Maumee's share of the federal safety project will be \$1.2 million.

**Loch Haven Area Water Main Project**

In 2019 the City contracted with Vernon Nagel Inc for the Loch Haven Water line replacement on Argyll, Lamonde, Loch Haven and State Streets. This replaced old lines with new 8" water lines. This improved the water flow, water quality and number of fire hydrants throughout this area. The new water line project has been a monumental improvement to our water system. The cost of this project was \$883,000 and paid from the Water Fund.

**Side Cut Crossings Medical Office and Business Development**

One new business development called Side Cut Crossings began construction in 2019. This is a 68 acre development located at Anthony Wayne Trail (Rt. 24), between Monclova Road and Ford Street, near St. Luke's Hospital in Maumee. The first part of the project will be a 90,000 square foot Toledo Clinic Cancer Center. There are plans for a hotel, restaurant, business offices and a senior assisted living facility. Side Cut Crossings development will benefit the Maumee City School system for the real estate revenues are projected to generate \$1.4 million for the school annually.

***Management's Discussion and Analysis  
For the Year Ended December 31, 2019***

***Unaudited***

---

The business base of the City has continued to be very stable. The City's Job Creation and Retention program provided grants to firms in an effort to attract and retain employers in the City. During 2019, there were 10 firms receiving JCR grants totaling \$136,200 under this program representing 643 new jobs. In 2009, Maumee City Council authorized the establishment of a new Job Creation Mini-Grant program aimed at attracting smaller businesses to fill long-term office and building vacancies within the City. The City approved one new mini-grant in 2019, and has a total of 3 mini-grants in place that retained/attracted 36 employees under this program.

The City worked cooperatively with our collective bargaining units to secure contracts in which a 3.0 % base wage increase for years 2019, 2020 and 2021 respectively was agreed upon. Benefits such as vacation, holidays and insurance will basically remain the same for 2019-2021. Additionally, the City continues to examine all funds and adopted best accounting practices to lessen the burden on the General Fund. The past few years of lower Local Government Funds from the State of Ohio, lower property tax collections, elimination of estate tax collections and reduced interest earnings on investments has resulted in lower General Fund revenues for the City. Therefore, the City is actively pursuing to reduce costs to protect existing financial resources.

**REQUESTS FOR INFORMATION**

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have questions about this report or need additional financial information contact the Finance Department by calling 419-897-7115 or writing to City of Maumee Finance Department, 400 Conant Street, Maumee, Ohio 43537; or by referring to the City's website at [www.maumee.org](http://www.maumee.org).

***Reconciliation of Total Governmental Fund Balances to  
Net Position of Governmental Activities  
December 31, 2019***

---

<b>Total Governmental Fund Balances</b>		\$ 32,628,740
<i>Amounts reported for governmental activities in the statement of net position are different because</i>		
Capital Assets used in governmental activities are not resources and therefore are not reported in the funds.		84,287,325
Other long-term assets are not available to pay for current- period expenditures and therefore are unavailable revenue in the funds.		
Delinquent Property Taxes	40,898	
Municipal Income Taxes	24,209	
Intergovernmental	514,831	
Interest Revenues	87,051	
Charges for Services	108,338	
All Other Revenues	84,523	
Special Assessments	<u>396,577</u>	1,256,427
The net pension/OPEB liabilities are not due and payable in the current period; therefore, the liability and related deferred inflows/outflows are not reported in governmental funds:		
Deferred Outflows - Pension	6,507,263	
Deferred Inflows - Pension	(522,642)	
Deferred Outflows - OPEB	1,176,072	
Deferred Inflows - OPEB	(511,461)	
Net Pension Liability	(23,599,389)	
Net OEPB Liability	<u>(7,711,043)</u>	(24,661,200)
Accrued interest on outstanding debt is not due and payable in the current period and, therefore, is not reported in the funds: it is reported when due.		(34,232)
Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position.		43,810
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.		
General Obligation Bonds Payable	(15,838,784)

***Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances of Governmental Funds  
To the Statement of Activities  
For the Year Ended December 31, 2019***

**Net Change in Fund Balances - Total Governmental Funds** \$ 363,652

*Amounts reported for governmental activities in the statement of activities are different because*

Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation in the current period.

Capital Outlay	5,208,703	
Depreciation	<u>(4,083,071)</u>	1,125,632

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount of the loss on the disposal of capital assets net of proceeds received. (634,679)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Delinquent Property Taxes	5,098	
Municipal Income Taxes	(306,511)	
Intergovernmental	114,084	
Interest Revenues	87,051	
Charges for Services	(11,552)	
All Other Revenue	14,570	
Special Assessments	<u>(43,156)</u>	(140,416)

Contractually required contributions are reported as expenditures in governmental funds; however, the statement of net position reports these amounts as deferred outflows:

Pension	1,582,321	
OPEB	<u>16,470</u>	1,598,791

Except for amounts reported as deferred inflows/outflows, changes in the net pension and OPEB liabilities are reported as pension/OPEB expense in the statement of activities:

Pension	(4,131,004)	
OPEB	<u>5,169,911</u>	1,038,907

The issuance of long-term debt provides current financial resources to governmental funds, but has no effect on net position. In addition, repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.

General Obligation Bonds Principal	2,065,000	
Amortization of Deferred Loss on G.O. Bonds	(124,961)	
Amortization of Premium on G.O. Bonds	29,254	
Adjustment to Long-Term Workers Compensation	30,821	
Ohio Police and Fire Principal Payment	<u>1,781</u>	2,001,895

(Continued)

Interest is reported as an expenditure when due in the governmental funds but is accrued on outstanding debt on the statement of net position. Premiums are reported as revenues when the debt is first issued; however, these amounts are deferred and amortized on the statement of net position.

Accrued Interest Payable		3,650
--------------------------	--	-------

Some expenses reported on the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Decrease in Supplies Inventory	(69,406)	
Increase in Compensated Absences Payable	<u>(37,515)</u>	(106,921)

The internal service funds are used by management to charge the costs of services to individual funds and is not reported in the statement of activities. Governmental fund expenditures and related internal service fund revenues are eliminated. The net revenue (expense) of the internal service funds are allocated among the governmental activities.

	<u>(404,327)</u>
--	------------------

***Change in Net Position of Governmental Activities***

	<u>\$ 4,846,184</u>

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Maumee, Ohio (the "City") is a home-rule municipal corporation created under the laws of the State of Ohio. The City operates under its own Charter. The current Charter, which provides for a Council/Mayor form of government, was adopted in 1951 and has been amended seven times (in 1958, 1968, 1976, 1989, 1994, 2005 and 2006).

The accompanying basic financial statements of the City present the financial position of the various fund types, the results of operations of the various fund types and the cash flows of the proprietary funds. The financial statements are presented as of December 31, 2019 and for the year then ended and have been prepared in conformity with generally accepted accounting principles (GAAP) applicable to local governments. The Governmental Accounting Standards Board (the "GASB") is the standard-setting body for establishing governmental accounting and financial reporting principles, which are primarily set forth in the GASB's Codification of Governmental Accounting and Financial Reporting Standards (GASB Codification).

**A. Reporting Entity**

The accompanying basic financial statements comply with the provisions of GASB Statement No. 14, *"The Financial Reporting Entity,"* as amended by GASB Statement No. 61 *"The Financial Reporting Entity: Omnibus; an amendment of GASB Statements No. 14 and No. 34,"* in that the financial statements include all organizations, activities, functions and component units for which the City (the primary government) is financially accountable. Financial accountability is defined as the appointment of a voting majority of a legally separate organization's governing body and either (1) the City's ability to impose its will over the organization, or (2) the potential that the organization will provide a financial benefit to, or impose a financial burden on, the City.

Based on the foregoing, the City's financial reporting entity has no component units but includes all funds, agencies, boards and commissions that are part of the primary government, which include the following services: public safety, highways and streets, sanitation, health and social services, culture-recreation, public improvements, planning and zoning and general administrative services. In addition, the City owns the water distribution system and the wastewater collection system, which are reported as enterprise funds.

The accounting policies and financial reporting practices of the City conform to generally accepted accounting principles as applicable to governmental units. The following is a summary of its significant accounting policies.

**B. Basis of Presentation - Fund Accounting**

The accounting system is organized and operated on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund equity, revenues and expenditures (expenses). The various funds are summarized by type in the basic financial statements. The following fund types are used by the City:

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Basis of Presentation - Fund Accounting** (Continued)

*Governmental Funds* - Governmental funds are those funds through which most governmental functions are typically financed. The acquisition, use and balances of the City's expendable financial resources and the related current liabilities and deferred inflows of resources (except those accounted for in the proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of "financial flow" (sources, uses and balances of financial resources). The following are the City's major governmental funds:

General Fund – This fund is used to account for all financial resources except those accounted for in another fund. The general fund balance is available to the City for any purpose provided it is expended or transferred according to the general laws of Ohio.

Fallen Timbers TIF Fund – This fund is used to account for revenues restricted by a tax increment financing agreement for the area of Fallen Timbers.

Income Tax "B" (0.5%) Fund – This fund is used to account for revenues from one-third of the income tax collections and for expenditures restricted to permanent improvements.

*Proprietary Funds* - All proprietary funds are accounted for on an "economic resources" measurement focus. This measurement focus provides that all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the balance sheet. Proprietary fund type operating statements present increases (i.e., revenues) and decreases (i.e., expenses) in total net position.

Enterprise Funds - These funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, whereby the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The City's major enterprise funds are:

Water Fund – This fund is used to account for the operation of the City's water service.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. Basis of Presentation - Fund Accounting** (Continued)

Sewer Fund – This fund is used to account for the operation of the City’s sanitary sewer service.

Internal Service Funds - These funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City, or to other governments, on a cost-reimbursement basis. The City has one internal service fund, the Self Insurance Health Care Fund, which is used to account for monies received from city departments to cover the cost of health care for employees of the City’s departments.

*Fiduciary Funds* - Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations or other governments and therefore not available to support the City’s own programs. The agency funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operation. These funds operate on an accrual basis of accounting. The City has six agency funds. These funds are used to account for monies received by the City in situations where the City’s role is purely custodial in nature. The six funds are the Municipal Court Fund, which accounts for monies that flow through the municipal court office, the Ohio Board of Building Standards Assessments Fund, which accounts for funds from the three percent (3%) fees as required by Ohio Revised Code, the Ohio Board of Building Standards Residential Fund, which accounts for funds from the one percent (1%) fees as required by Ohio Revised Code, the MMT-JEDZ Collections Fund, which accounts for income taxes collected for the Monclova/Maumee/Toledo Joint Economic Development Zone, the MT-JEDZ Collections Fund, which accounts for income taxes collected for the Maumee/Toledo Joint Economic Development Zone and the CEDA Fund, which accounts for the collections related to the Monclova/Maumee/Toledo Cooperative Economic Development Agreement.

**C. Basis of Presentation – Financial Statements**

Government-wide Financial Statements – The statement of net position and the statement of activities display information about the City as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. The statements distinguish between those activities of the City that are governmental and those that are considered business-type activities. The internal service fund is eliminated to avoid “doubling up” revenues and expenses; however, the interfund services provided and used are not eliminated in the process of consolidation.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**C. Basis of Presentation – Financial Statements (Continued)**

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the City and for each function or program of the City's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the City, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the City.

Fund Financial Statements – Fund financial statements report detailed information about the City. The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All governmental fund types are accounted for using a flow of current financial resources measurement focus. The financial statements for governmental funds are a balance sheet, which generally includes only current assets and deferred outflows of resources and current liabilities and deferred inflows of resources, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

All proprietary fund types are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and deferred outflows of resources and all liabilities and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in total net position. The statement of cash flows provides information about how the City finances and meets the cash flow needs of its proprietary activities.

**D. Basis of Accounting**

Basis of accounting represents the methodology utilized in the recognition of revenues and expenditures or expenses reported in the financial statements. The accounting and reporting treatment applied to a fund is determined by its measurement focus. Government-wide financial statements are prepared using the accrual basis of accounting.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Basis of Accounting** (Continued)

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. The term "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, which for the City is 60 days after year end. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt which is recognized when due.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements and donations. Revenue from income taxes is recognized in the period in which the income is earned and is available. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied and the revenue is available. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specific purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. Revenue considered susceptible to accrual at year end includes income taxes withheld by employers, interest on investments, special assessments, and certain state levied locally shared taxes (including motor vehicle license fees and local government assistance). Other revenue, including licenses, permits, certain charges for services, income taxes other than those withheld by employers and miscellaneous revenues are recorded as revenue when received in cash because generally this revenue is not measurable until received.

Special assessment installments, which are measurable, but not available at December 31, are recorded as deferred inflow of resources – unavailable amount. Property taxes measurable as of December 31, 2019, but which are not intended to finance 2019 operations and delinquent property taxes, whose availability is indeterminate, are recorded as deferred inflow of resources as further described in Note 6.

The accrual basis of accounting is utilized for reporting purposes by the proprietary funds and fiduciary funds. Revenues are recognized when they are earned and expenses recognized when incurred.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. Deferred Inflows/Outflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/ expenditure) until then. The City has two items that qualifies for reporting in this category. One is the deferred charge on refunding reported in the government-wide and proprietary statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflows of resources related to pension and OPEB plans are explained in Notes 12 and 13.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. On the government-wide statement of net position and governmental funds balance sheet, property taxes that are intended to finance future fiscal periods are reported as deferred inflows. In addition, the governmental funds balance sheet reports deferred inflows which arise only under a modified accrual basis of accounting. Accordingly, the item, *unavailable amounts*, is reported only in the governmental funds balance sheet. The governmental funds report unavailable amounts for delinquent property taxes, municipal income taxes, special assessments, charges for services, all other revenue, interest and state levied shared taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. Deferred inflows of resources related to pension/OPEB are reported on the government-wide statement of net position. (See Note 12 and 13)

This space intentionally left blank

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Budgetary Process**

The budgetary process is prescribed by provisions of the Ohio Revised Code and entails the preparation of budgetary documents within an established timetable. The major documents prepared are the certificate of estimated resources and the appropriation ordinance, both of which are prepared on the budgetary basis of accounting. The certificate of estimated resources and the appropriation ordinance are subject to amendment throughout the year.

All funds other than agency funds are legally required to be budgeted and appropriated; however, only governmental funds are required to be reported. The primary level of budgetary control for all funds involving operations is at the object level within each department. Certain funds are appropriated at the minimum level of budgetary control as required by Ohio Revised Code section 5705.38 (c) due to the restricted nature of the use of these funds. Those funds are as follows: Indigent Driver Alcohol Treatment Fund, Federal and State Grants Fund, Community Housing Improvement Program Fund, Community Development Block Grant Fund, Job Creation and Retention Fund, Maumee Revolving Loan Fund, Probation Services Fund and the Fallen Timbers TIF Fund (special revenue funds), Income Tax "B" Fund Permanent Improvement Fund, Sewer Construction Fund, Waterline Construction Fund, Street Construction Fund, Sidewalk Construction Fund and the Municipal Court Improvement Fund (capital projects funds). Budgetary modifications may only be made by ordinance of the City Council.

**1. Estimated Resources**

The County Budget Commission reviews estimated revenue and determines if the budget substantiates a need to levy all or part of previously authorized taxes. The Budget Commission then certifies its actions to the City by September 1 of each year. As part of the certification process, the City receives an official certificate of estimated resources stating the projected receipts by fund. Prior to December 31, the City must revise its budget so that the total contemplated expenditures from any fund during the ensuing fiscal year do not exceed the amount available as stated in the certificate of estimated resources. The revised budget then serves as the basis for the annual appropriations measure. On or about January 1, the certificate of estimated resources is amended to include any unencumbered fund balances from the preceding year. The certificate may be further amended during the year if a new source of revenue is identified or actual receipts exceed current estimates. The amounts reported on the budgetary statement reflect the amounts in the original and final amended official certificate of estimated resources issued during 2019.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Budgetary Process (Continued)**

**2. Appropriations**

A temporary appropriation ordinance to control expenditures may be passed on or about January 1 of each year for the period January 1 through March 31. An annual appropriation ordinance must be passed by April 1 of each year for the period January 1 through December 31. The appropriation ordinance establishes spending controls at the fund, department and object level and appropriations for personnel services are made at the object level in any fund. The appropriation ordinance may be amended during the year as additional information becomes available, provided that total fund appropriations do not exceed the current estimated resources as certified. The allocation of appropriations among departments and objects within a fund may be modified during the year by an ordinance of City Council. Total fund appropriations may not exceed the current estimated resources as certified by the County Budget Commission. Expenditures may not legally exceed budgeted appropriations at the object level within each department. During the year, several supplemental appropriations were necessary to budget for capital outlay. Administrative control is maintained through the establishment of more detailed line-item budgets. The budgetary figures which appear in the "Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual—General Fund" and in the "Statement of Revenues, Expenditures, and Changes in Fund Balances--Budget and Actual—Fallen Timbers TIF Fund" are provided on the budgetary basis to provide a comparison of actual results to the final budget, including all amendments and modifications.

**3. Encumbrances**

As part of formal budgetary control, purchase orders, contracts and other commitments for expenditures are encumbered and recorded as the equivalent of expenditures in order to constrain that portion of the applicable appropriation and to determine and maintain legal compliance. Encumbrances outstanding at year end, however, are reported as reservations of fund balances for subsequent year expenditures in the accompanying basic financial statements.

**4. Lapsing of Appropriations**

At the close of each fiscal year, the unencumbered balance of each appropriation reverts to the respective fund from which it was appropriated and becomes subject to future appropriations. The encumbered appropriation balance is carried forward to the subsequent fiscal year and need not be reappropriated.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**F. Budgetary Process (Continued)**

**5. Budgetary Basis of Accounting**

The City's budgetary process accounts for certain transactions on a basis other than generally accepted accounting principles (GAAP). The major differences between the budgetary basis and the GAAP basis lie in the manner in which revenues and expenditures are recorded. Under the budgetary basis, revenues and expenditures are recognized on a cash basis. Utilizing the cash basis, revenues are recorded when received in cash and expenditures when paid. Under the GAAP basis, revenues and expenditures are recorded on the modified accrual basis of accounting.

The following table summarizes the adjustments necessary to reconcile the GAAP basis statements to the budgetary basis statements for the general fund and major special revenue funds:

	Net Change in Fund Balance	
	General Fund	Fallen Timbers TIF Fund
GAAP Basis (as reported)	\$993,641	(\$159,160)
Increase (Decrease):		
Accrued Revenues at December 31, 2019 received during 2020	(1,464,965)	0
Accrued Revenues at December 31, 2018 received during 2019	1,347,005	0
Accrued Expenditures at December 31, 2019 paid during 2020	726,207	0
Accrued Expenditures at December 31, 2018 paid during 2019	(809,352)	0
2018 Prepays for 2019	66,441	0
2019 Prepays for 2020	(54,508)	0
Outstanding Encumbrances	(273,435)	(116,955)
Perspective Difference:		
Activity of Funds Reclassified for GAAP Reporting Purposes	(539,347)	0
Budget Basis	<u>(\$8,313)</u>	<u>(\$276,115)</u>

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**G. Cash and Cash Equivalents**

Cash and cash equivalents include amounts in demand deposits and the State Treasurer's Assets Reserve (STAR Ohio). STAR Ohio is considered a cash equivalent because it is a highly liquid investment with an original maturity date of three months or less. Restricted cash is cash deposited in an employee flex spending account for medical purposes.

The City pools its cash for investment and resource management purposes. Each fund's equity in pooled cash and investments represents the balance on hand as if each fund maintains its own cash and investment account. See Note 5, "Cash, Cash Equivalents and Investments."

**H. Investments**

Investment procedures and interest allocations are restricted by provisions of the Ohio Constitution and the Ohio Revised Code. The City allocates interest among certain funds based upon the fund's cash balance at the date of investment. In accordance with GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and for External Investment Pools" and GASB Statement No. 72, "Fair Value Measurement and Application," the City records all its investments at fair value except for nonparticipating investment contracts which are reported at cost, which approximates fair value. All investment income, including changes in the fair value of investments, is recognized as revenue in the operating statements.

The City's investment in the State Treasury Asset Reserve of Ohio (STAR Ohio) is an investment pool managed by the State Treasurer's Office which allows governments within the State to pool their funds for investment purposes. STAR Ohio is not registered with the SEC as an investment company and is recognized as an external investment pool by the City. The City measures their investment in STAR Ohio at the net asset value (NAV) per share provided by STAR Ohio. The NAV per share is calculated on an amortized cost basis that provides a NAV per share that approximates fair value. For fiscal year 2019, there were no limitations or restrictions on any participant withdrawals due to redemption notice periods, liquidity fees, or redemption gates. However, notice must be given 24 hours in advance of all deposits and withdrawals exceeding \$25 million. STAR Ohio reserves the right to limit the transaction to \$100 million, requiring the excess amount to be transacted the following business day(s), but only to the \$100 million limit. All accounts of the participant will be combined for these purposes.

**I. Inventory**

Inventory is stated at cost (first-in, first-out) in the governmental funds and at the lower of cost or market in the proprietary funds. The costs of inventory items are recorded as expenditures in the governmental funds when purchased and as expenses in the proprietary funds when used.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**J. Prepaid Items**

Payments made to vendors for services that will benefit periods beyond December 31, 2018, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of the purchase and an expenditure/expense is reported in the year in which services are consumed.

**K. Capital Assets and Depreciation**

Capital assets are defined by the City as assets with an initial, individual cost of more than \$500.

**1. Property, Plant and Equipment - Governmental Activities**

Governmental activities capital assets are those not directly related to the business type funds. These generally are acquired or constructed for governmental activities and are recorded as expenditures in the governmental funds and are capitalized at cost (or estimated historical cost for assets not purchased in recent years). These assets are reported in the Governmental Activities column of the Government-wide Statement of Net Position, but they are not reported in the Fund Financial Statements.

Contributed capital assets are recorded at acquisition value at the date received. Capital assets include land, buildings, building improvements, machinery, equipment and infrastructure. Infrastructure is defined as long-lived capital assets that normally are stationary in nature and normally can be preserved for a significant number of years. Examples of infrastructure include roads, bridges, curbs and gutters, streets and sidewalks, drainage systems and lighting systems. Estimated historical costs for governmental activities capital asset values were initially determined by identifying historical costs when such information was available. In cases where information supporting original cost was not obtainable, estimated historical costs were developed. For certain capital assets, the estimates were arrived at by indexing estimated current costs back to the estimated year of acquisition.

**2. Property, Plant and Equipment – Business Type Activities**

Property, plant and equipment acquired by the proprietary funds are stated at cost (or estimated historical cost), including interest capitalized during construction and architectural and engineering fees where applicable. Contributed capital assets are recorded at acquisition value at the date received. These assets are reported in both the Business-Type Activities column of the Government-wide Statement of Net Position and in the respective funds.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**K. Capital Assets and Depreciation** (Continued)

3. Depreciation

All capital assets are depreciated, excluding land and construction in progress. Depreciation has been provided using the straight-line method over the following estimated useful lives:

Description	Governmental and Business-Type Activities Estimated Lives (in years)
Buildings	25 - 45
Improvements other than Buildings/Infrastructure	10 - 50
Machinery, Equipment, Furniture and Fixtures	5 - 20

**L. Long-Term Debt**

Long-term liabilities are being repaid from the following funds:

Obligation	Fund
Ohio Water Development Authority Loans	Ohio Water Development Authority Debt Service Fund
Police and Fire Pension Accrued Liability	Police Pension Fund
Compensated Absences	General Fund, Street Construction, Maintenance and Repair Fund, Water Fund, Sewer Fund, Income Tax Fund
Compensated Absences	General Fund, Street Construction, Maintenance and Repair Fund, Water Fund, Sewer Fund, Income Tax Fund
Net Pension Liability	General Fund,
Net OPEB Liability	Water Fund, Sewer Fund
General Obligation Bonds	General Bond Retirement Fund, Water Fund
Workers Compensation Liability	Various Funds

**M. Compensated Absences**

All full-time City employees earn vacation at varying rates based upon length of service. An employee's vacation must be used during the period in which it is earned unless the Mayor allows the balance to be carried over to the following year. Upon separation from the City, the employee (or his estate) is paid for his accumulated unused vacation leave balance.

All full-time City employees earn sick leave at various rates. Upon completion of five years of service with the City, an employee who separates from the City in good standing receives up to one hour of monetary compensation for each hour of unused sick leave up to a maximum of 960 hours (if hired before 9/15/86) and up to half of 1,200 hours (if hired after 9/15/86). The monetary compensation is at the hourly rate of compensation of the employee at the time of resignation if the employee is not given credit at their next place of employment.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**M. Compensated Absences (Continued)**

In accordance with GASB Statement No. 16, "*Accounting for Compensated Absences*," the City records a liability for vacation time and sick leave when the obligation is attributable to services previously rendered or to rights that vest or accumulate, and when payment of the obligation is probable and can be reasonably determined.

For governmental funds, that portion of unpaid compensated absences that has matured and is expected to be paid using expendable, available resources is reported as an expenditure in the fund from which the individual earning the leave is paid, and a corresponding liability is reflected in the account "Compensated Absences Payable." In the government wide statement of net position, "Compensated Absences Payable" is recorded within the "Due within one year" account and the long-term portion of the liability is recorded within the "Due in more than one year" account. Compensated absences are expensed in the proprietary funds when earned and the related liability is reported within the fund.

**N. Net Position**

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Net position restricted for Other Purposes includes federal grants for security of persons and property and mandatory fines for various court programs.

The City applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

This space intentionally left blank.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**O. Fund Balances**

In the fund financial statements, fund balance for governmental funds is reported in classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components – nonspendable, restricted, committed, assigned and unassigned.

*Nonspendable* – Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally contractually required to be maintained intact.

*Restricted* – Restricted fund balance consists of amounts that have constraints placed on them either externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments) or by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the City to assess, levy, charge or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement (compelled by external parties) that those resources be used only for the specific purposes stipulated in the legislation.

*Committed* – Committed fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the City’s highest level of decision making authority. For the City, these constraints consist of ordinances passed by City Council. Committed amounts cannot be used for any other purpose unless the City removes or changes the specified use by taking the same type of action (ordinance) it employed previously to commit those amounts.

*Assigned* – Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. These amounts are assigned by council. In the general fund, assigned amounts represent intended uses established by City Council or a City official delegated that authority by City Charter or ordinance, or by State Statute. State statute authorizes the finance director to assign fund balance for the purchases on order provided such amounts have been lawfully appropriated. The assigned amount in the General Obligation Debt Service Fund represents amounts assigned by council for the retirement of general obligation debt.

*Unassigned* – Unassigned fund balance consists of amounts that have not been restricted, committed or assigned to specific purposes within the General Fund as well as negative fund balances in all other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted (committed, assigned and unassigned) resources as they are needed.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**P. Pensions/Other Postemployment Benefits (OPEB)**

For purposes of measuring the net pension/OPEB liability, deferred outflows of resources and deferred inflows of resources related to pensions/OPEB, and pension/OPEB expense, information about the fiduciary net position of the pension/OPEB plans and additions to/deductions from their fiduciary net position have been determined on the same basis as they are reported by the pension/OPEB plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The pension/OPEB plans report investments at fair value.

**Q. Interfund Activity**

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after nonoperating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statements are reported in the same manner as general revenues. In addition, interfund transfers between governmental funds are eliminated for reporting on the government-wide financial statements. Only transfers between governmental activities and business-type activities are reported on the statement of activities.

**R. Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

**S. Operating Revenues and Expenses**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the City, these revenues are charges for services for water treatment and distribution and wastewater collection and treatment. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**T. Extraordinary and Special Items**

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the City Council and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during fiscal year 2019.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**U. Fair Value**

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Active markets are those in which transactions for the asset or liability occur in sufficient frequency and volume to provide pricing information on an ongoing basis. Quoted prices are available in active markets for identical assets or liabilities as of the reporting date. Level 2 inputs are significant other observable inputs. Investments classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. Level 3 inputs are significant unobservable inputs.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 2 – CHANGE IN ACCOUNTING PRINCIPLES**

For 2019, the City implemented Governmental Accounting Standards Board (GASB) Statement No. 95, “Postponement of the Effective Dates of Certain Authoritative Guidance.”

GASB Statement No. 95 provides temporary relief to governments and other stakeholders in light of the COVID-19 pandemic by extending the effective dates of certain accounting and financial reporting provisions in Statements and Implementation Guides that were first effective for reporting periods beginning after June 15, 2018. This statement had no effect on beginning net position/fund balance.

**NOTE 3 - COMPLIANCE AND ACCOUNTABILITY**

**Fund Deficits** - The fund deficits at December 31, 2019 of \$50,289 in the Police Pension Fund, \$307,062 in the Arrowhead Business Park TIF Fund, \$175,631 in the Tollgate Drive TIF Fund and \$4,593 in the Mango Drive TIF Fund (special revenue funds) arose from the recognition of expenditures on the modified accrual basis which are greater than expenditures recognized on the budgetary/cash basis. A deficit does not exist under the budgetary/cash basis of accounting. Transfers are provided when cash is required, not when accruals occur.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 4 – FUND BALANCE CLASSIFICATION**

Fund balance is classified as nonspendable, restricted, committed, assigned and unassigned based primarily on the extent to which the City is bound to observe constraints imposed upon the use of the resources in the governmental funds. The constraints placed on fund balance for the major governmental funds and all other governmental funds are presented below:

Fund Balances	General Fund	Fallen Timbers TIF Fund	Income Tax "B" (.5%) Fund	Other Governmental Funds	Total Governmental Funds
Nonspendable:					
Unclaimed Monies	\$78,575	\$0	\$0	\$0	\$78,575

For the Year Ended December 31, 2019***

---

**NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS**

Cash resources of several individual funds are combined to form a pool of cash and investments. In addition, investments are separately held by a number of individual funds.

Statutes require the classification of funds held by the City into three categories:

Category 1 consists of "active" funds - those funds required to be kept in "cash" or "near cash" status for immediate use by the City. Such funds must be maintained either as cash in the City Treasury or in depository accounts payable or withdrawable on demand, including negotiable order of withdrawal (NOW) accounts.

Category 2 consists of "inactive" funds - those funds not required for use within the current five year period of designation of depositories. Inactive funds may be deposited or invested only as certificates of deposit maturing no later than the end of the current period of designation of depositories.

Category 3 consists of "interim" funds - those funds not needed for immediate use but needed before the end of the current period of designation of depositories. Interim funds may be invested or deposited in the following securities:

- United States treasury notes, bills, bonds, or any other obligation or security issued by the United States treasury or any other obligation guaranteed as to principal or interest by the United States;
- Bonds, notes, debentures, or any other obligations or securities issued by any federal government agency or instrumentality, including but not limited to, the federal national mortgage association, federal home loan bank, federal farm credit bank, federal home loan mortgage corporation, government national mortgage association, and student loan marketing association. All federal agency securities shall be direct issuances of federal government agencies or instrumentalities;
- Written repurchase agreements in the securities listed above provided that the fair value of the securities subject to the repurchase agreement must exceed the principal value of the agreement by at least two percent and be marked to market daily, and that the term of the agreement must not exceed thirty days;
- Interim deposits in eligible institutions applying for interim funds;
- Bonds and other obligations of the State of Ohio;
- No-load money market mutual funds consisting exclusively of obligations described in the first two bullets of this section and repurchase agreements secured by such obligations, provided that investments in securities described in this division are made only through eligible institutions,

For the Year Ended December 31, 2019***

---

**NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)**

- The State Treasury Asset Reserve of Ohio (STAR Ohio),
- Commercial Paper, and
- Bankers Acceptances.

**A. Deposits**

Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits may not be returned. The City's policy is to place deposits with major local banks.

Ohio Law requires that deposits be placed in eligible banks or savings and loan associations located in Ohio. Any public depository in which the City places deposits must pledge as collateral eligible securities of aggregate fair value equal to the excess of deposits not insured by the Federal Deposit Insurance Corporation (FDIC). Ohio law requires that deposits be either insured or be protected by eligible securities pledged to the City and deposited with a qualified trustee by the financial institution as security for repayment whose fair value at all times shall be at least 105 percent of the deposits being secured, or participation in the Ohio Pooled Collateral System (OPCS), a collateral pool of eligible securities deposited with a qualified trustee and pledged to the Treasurer of State to secure the repayment of all public monies deposited in the financial institution. OPCS requires the total fair value of the securities pledged to be 102 percent of the deposits being secured or a rate set by the Treasurer of State.

At year end the carrying amount of the City's deposits was \$2,708,539 and the bank balance was \$3,145,760. Federal depository insurance covered \$916,031 of the bank balance and \$2,229,729 was exposed to custodial risk and was collateralized with securities held by the pledging financial institutions trust department or agent but not in the City's name and securities held in the Ohio Pooled Collateral System.

The General Fund received total interest income of \$1,418,032 during 2019 of which, \$1,023,544 was earned by other funds.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)**

**B. Investments**

The City's investments at December 31, 2019 are summarized below:

	Measurement	Credit Rating	Fair Value	Investment Maturities (in Years)		
	Value		Hierarchy	less than 1	1-3	3-5
Freddie Mac	\$500,110	AAA <sup>1</sup> / Aaa <sup>2</sup>	Level 2	\$0	\$500,110	\$0
FNMA	\$6,905,923	AA+ <sup>1</sup> / Aaa <sup>2</sup>	Level 2	3,670,233	3,235,690	0
FHLMC	5,588,297	AA+ <sup>1</sup> / Aaa <sup>2</sup>	Level 2	1,269,550	2,188,935	2,129,812
FHLB	3,746,202	AA+ <sup>1</sup> / Aaa <sup>2</sup>	Level 2	499,775	2,161,933	1,084,494
FFCB	2,197,366	AA+ <sup>1</sup> / Aaa <sup>2</sup>	Level 2	0	749,430	1,447,936
Municipal Bond	305,729	Aaa <sup>2</sup>	Level 2	0	305,729	0
Negotiable CD's	11,814,871	N/A	Level 1	3,012,584	4,012,031	4,790,256
STAR Ohio	2,076,619	AAAm <sup>1</sup>	N/A	2,076,619	0	0
Total Investments	<u>\$33,135,117</u>			<u>\$10,528,761</u>	<u>\$13,153,858</u>	<u>\$9,452,498</u>

<sup>1</sup> Standard & Poor's

<sup>2</sup> Moody's Investor Service

*Interest Rate Risk* – The Ohio Revised Code generally limits security purchases to those that mature within five years of settlement date. The City adheres to the Ohio Revised Code's five year policy.

*Credit Risk* – The City's investments in Freddie Mac, FNMA, FHLMC, FHLB and FFCB securities were rated AA+ and Aaa by Standard & Poor's and Moody's Investor Services, respectively. The City's investment policy addresses credit risk by limiting investments to the safest types of securities, pre-qualifying financial institutions, brokers, intermediaries and financial advisors and by diversifying the investment portfolio so that potential losses on individual securities do not exceed income generated from the remaining portfolio.

*Custodial Credit Risk* – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City's investments in Freddie Mac, FNMA, FHLMC, FHLB and FFCB in the amount of \$500,110, \$6,905,923, \$5,588,297, \$3,746,202 and \$2,197,366, respectively, are uninsured and unregistered with securities held by the counterparty's trust department or agent in the City's name. The Negotiable CD's and Municipal Bond are fully insured. The City has no investment policy dealing with custodial credit risk beyond the requirements of State statute which prohibit payment for investments prior to the delivery of the securities representing the investments to the treasurer or qualified trustee.

*Concentration of Credit Risk* – The City places no limit on the amount the City may invest in one issuer. The City has invested 2% of its investments in Freddie Mac, 21% in FNMA, 17% in FHLMC, 11% in FHLB, 7% in FFCB, 1% in Municipal Bonds, 35% in Negotiable CD's and 6% in STAR Ohio.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

---

**NOTE 5 - CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)**

**C. Reconciliation of Cash, Cash Equivalents and Investments**

The classification of cash, cash equivalents and investments on the combined financial statements is based on criteria set forth in GASB Statement No. 9. STAR Ohio is treated as a cash equivalent. The classification of cash and cash equivalents (deposits) for purposes of this note are based on criteria set forth in GASB Statement No. 3, as amended by GASB Statement 40.

A reconciliation between classifications of cash and investments on the financial statements and classifications per items A and B of this note are as follows:

	<u>Cash and Cash Equivalents *</u>	<u>Investments</u>
Per Financial Statements	\$4,785,158	\$31,058,498
Investments:		
STAR Ohio	<u>(2,076,619)</u>	<u>2,076,619</u>
Per GASB Statement No. 3	<u>\$2,708,539</u>	<u>\$33,135,117</u>

\* Includes petty cash.

**NOTE 6 - TAXES**

**A. Property Taxes**

Property taxes include amounts levied against all real estate and public utility tangible personal property used in business and located in the City. Real property taxes (other than public utility) collected during 2019 were levied after October 1, 2018 on assessed values as of January 1, 2018, the lien date. Assessed values are established by the County Auditor at 35 percent of appraised market value. All property is required to be revalued every six years. The last revaluation was completed during 2018 and the equalization adjustment was completed in 2015. Real property taxes are payable annually or semi-annually. The first payment is due January 20; the remainder payable by June 20.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 6 - TAXES (Continued)**

**A. Property Taxes (Continued)**

Public utility real property taxes collected in one calendar year are levied in the preceding calendar year on assessed values determined as of December 31 of the second year preceding the tax collection year, the lien date. Certain public utility tangible personal property is currently assessed at 100% of its true value. Public utility property taxes are payable on the same dates as real property described previously.

The County Treasurer collects property taxes on behalf of all taxing districts in the County including the City of Maumee. The County Auditor periodically remits to the City its portion of the taxes collected.

The full property tax rate for all City operations for the year ended December 31, 2019 was \$3.70 per \$1,000 of assessed value. The assessed value upon which the 2019 tax receipts were based was \$459,087,470. This amount constitutes \$438,742,670 in real property assessed value and \$20,344,800 in public utility assessed value.

Ohio law prohibits taxation of property from all taxing authorities in excess of 1% of assessed value without a vote of the people. Under current procedures, the City's share is .370% (3.70 mills) of assessed value.

**B. Income Tax**

The City levies a tax of 1.5% on all salaries, wages, commissions and other compensation and on net profits earned within the City as well as on incomes of residents earned outside the City. In the latter case, the City allows a credit of 100% of the tax paid to another municipality to a maximum of the total amount assessed. Employers within the City are required to withhold income tax on employee compensation and remit the tax to the City either monthly or quarterly, as required. Corporations and other individual taxpayers are required to pay their estimated tax quarterly and file a declaration annually.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 7 – TAX ABATEMENT DISCLOSURES**

As of December 31, 2019, the City of Maumee provides tax incentives under three programs: Tax Increment Financing (TIF), Enterprise Zone (EZ), and Community Reinvestment Area (CRA).

**Real Estate Tax Abatements**

Pursuant to Ohio Revised Code Chapter 5709, the City established a Community Reinvestment area in 1996 and an Enterprise Zone in 1996, both of which included certain land within the boundaries of the City of Maumee. The City of Maumee authorizes incentives through the passage of public ordinances, based upon each businesses investment criteria, and through a contractual application process with each business, including proof that the improvements have been made. The abatement equals an agreed upon percentage of the additional property tax resulting from the increase in assessed value as a result of the improvements. The amount of the abatement is deducted from the recipient's property tax bill. The establishment of the CRA and EZ gave the City the ability to maintain and expand businesses located in the City and created new jobs by abating or reducing assessed valuation of properties, resulting in abated taxes, from new or improved business real estate for office and industrial uses. The City of Maumee also enters into various contracts with the benefitting business and either Maumee City, Anthony Wayne Local, or Springfield Local School Districts for payments in lieu of taxes when required by Section 5709.82 of the Ohio Revised Code.

**Income Tax Abatement Programs**

The City of Maumee created the Job Creation and Retention Grant and Mini Grant programs in 1991 and 2010 respectively. The purpose of the program is to maintain Maumee's competitiveness as a site for location of new businesses and the expansion of existing businesses. Pursuant to Ohio Revised Code Chapter 718 and City ordinance, the City provides an incentive to the company based upon the company's gross annual payroll, the amount of income tax generated annually and the number of jobs created or retained by the business. The abatement is administered as a refund based upon the company's payroll taxes. Also, the time period of the incentive in years, is determined by how many new jobs are to be created by the company. The cap on the incentive is \$20,000 per year, with an incentive period of no more than 10 years.

**City Council's Incentive Criteria for Decision Making**

The City of Maumee has offered tax incentives and Community Reinvestment Act (CRA) and Enterprise Zone abatements to various businesses based upon substantial project investment in the City. As a general guideline, the City considers CRA applications for projects that have at least \$1,000,000 real estate investment into a property, along with the retention and creation of at least 15 jobs with a payroll increasing at least \$250,000 annually. For EZ applications, the City of Maumee generally requires projects to have at least \$3,000,000 real estate investment into a property, along with the retention and creation of at least 50 jobs with a payroll of at least 150% of the minimum wage.

**CITY OF MAUMEE, OHIO**

For the Year Ended December 31, 2019**

---

**NOTE 7 – TAX ABATEMENT DISCLOSURES (Continued)**

Below is the information relevant to the disclosure of those programs for the year ended December 31, 2019.

Property Tax Abatement	Total Amount of Taxes Abated (Incentives Abated For the Year 2019 In Actual Dollars)
<i>CRA</i>	
The Andersons (Rail Car Division)	\$1,226,090
Dana Technology Drive	1,497,200
Deltime LLC	866,810
Savage & Associates	1,382,850

**City of Maumee  
Job Creation and Retention Grant Payment Schedule  
For the Year 2019**

Business Name	Grant Period	Date Paid For 2019	Payment Amount
Dana Corp	December - November	9/13/2019	\$20,000
Service Spring Corp	June - May	10/25/2019	15,000
JDI Group	July - August	10/25/2019	20,000
Matrix Technologies	March - February	5/24/2019	20,000
Hopebridge LLC	September - August	10/25/2019	5,800
Parker Steel	November - December	5/24/2019	12,100
Living Space Sunrooms	March - February	5/10/2019	13,700
Total Grants Paid in 2019			<u>\$106,600</u>

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 8 - RECEIVABLES**

At December 31, 2019, receivables, which are recorded net of allowance for doubtful accounts, consisted of taxes, accounts receivable, special assessments, due from other funds, loans, and intergovernmental receivables to be received in the following reporting period except for special assessments. All receivables are considered collectible in full due to the ability to foreclose for nonpayment of taxes and the stable condition of State programs.

**NOTE 9 – TRANSFERS**

Following is a summary of transfers in and out for all funds for 2019:

Transfers Out:	Transfers In:		
	Water Fund	Nonmajor Governmental Funds	Total
General Fund	\$5,000	\$500,707	\$505,707
Income Tax "B" (.5%) Fund	0	1,921,615	1,921,615
Fallen Timbers TIF Fund	0	593,625	593,625
Sewer Fund	0	5,616	5,616
	<u>\$5,000</u>	<u>\$3,021,563</u>	<u>\$3,026,563</u>

Transfers are used to (1) move unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; (2) move revenues from the fund that statute or budget required to collect them to the fund that statute or budget requires to expend them; (3) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; (4) for capital purchases authorized by council; and (5) move revenues to the permanent improvement fund; (6) upon completion of projects, excess funds were transferred back to the originating fund.

All transfers were made in accordance with Ohio Revised Code sections 5705.14, 5705.15, and 5705.16.

**NOTE 10 - INTERFUND RECEIVABLES AND PAYABLES**

Interfund balances at December 31, 2019 consist of the following receivables and payables:

Fund	Receivable	Payable
Governmental Funds:		
Income Tax "B" (.5%) Fund	\$1,230,110	\$0
Other Governmental Funds	0	1,243,650
Total Governmental Funds	1,230,110	1,243,650
Enterprise Funds:		
Water Fund	6,770	0
Sewer Fund	6,770	0
Total Enterprise Funds	13,540	0
Totals	<u>\$1,243,650</u>	<u>\$1,243,650</u>

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 10 - INTERFUND RECEIVABLES AND PAYABLES (Continued)**

The interfund loans receivable/payable are amounts that have been advanced from one fund to another and will be repaid during the following reporting period.

On the Statement of Net Position, the Governmental Activities reported an internal balance at December 31, 2019 of \$19,668, which was offset in the Business-Type Activities by the same amount.

**NOTE 11 - CAPITAL ASSETS**

**A. Governmental Activities Capital Assets**

Summary by category of changes in governmental activities capital assets at December 31, 2019:

<i>Cost:</i>				
Class	December 31, 2018	Additions	Deletions	December 31, 2019
<i>Capital assets not being depreciated:</i>				
Land	\$7,179,540	\$0	(\$29,995)	\$7,149,545
Construction in Progress	805,313	1,351,992	0	2,157,305
Subtotal	7,984,853	1,351,992	(29,995)	9,306,850
<i>Capital assets being depreciated:</i>

**NOTE 12 – DEFINED BENEFIT PENSION PLANS**

***Net Pension Liability***

The net pension liability reported on the statement of net position represents a liability to employees for pensions. Pensions are a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. Pensions are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for pensions is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net pension liability represents the City’s proportionate share of each pension plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each pension plan’s fiduciary net position. The net pension liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting this estimate annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which pensions are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including pension.

GASB 68 assumes the liability is solely the obligation of the employer, because (1) they benefit from employee services; and (2) State statute requires all funding to come from these employers. All contributions to date have come solely from these employers (which also includes costs paid in the form of withholdings from employees). State statute requires the pension plans to amortize unfunded liabilities within 30 years. If the amortization period exceeds 30 years, each pension plan’s board must propose corrective action to the State legislature. Any resulting legislative change to benefits or funding could significantly affect the net pension liability. Resulting adjustments to the net pension liability would be effective when the changes are legally enforceable.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net pension liability* on the accrual basis of accounting. Any liability for the contractually-required pension contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

***Plan Description – Ohio Public Employees Retirement System (OPERS)***

Plan Description - City employees, other than full-time police and firefighters, participate in the Ohio Public Employees Retirement System (OPERS). OPERS administers three separate pension plans. The traditional pension plan is a cost-sharing, multiple-employer defined benefit pension plan. The member-directed plan is a defined contribution plan and the combined plan is a cost-sharing, multiple-employer defined benefit pension plan with defined contribution features. While members (e.g. City employees) may elect the member-directed plan and the combined plan, substantially all employee members are in OPERS’ traditional plan; therefore, the following disclosure focuses on the traditional pension plan.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

OPERS provides retirement, disability, survivor and death benefits, and annual cost of living adjustments to members of the traditional plan. Authority to establish and amend benefits is provided by Chapter 145 of the Ohio Revised Code. OPERS issues a stand-alone financial report that includes financial statements, required supplementary information and detailed information about OPERS’ fiduciary net position that may be obtained by visiting <https://www.opers.org/financial/reports.shtml>, by writing to the Ohio Public Employees Retirement System, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling 800-222-7377.

Senate Bill (SB) 343 was enacted into law with an effective date of January 7, 2013. In the legislation, members were categorized into three groups with varying provisions of the law applicable to each group. The following table provides age and service requirements for retirement and the retirement formula applied to final average salary (FAS) for the three member groups under the traditional plan as per the reduced benefits adopted by SB 343 (see OPERS CAFR referenced above for additional information, including requirements for reduced and unreduced benefits):

<b>Group A</b>	<b>Group B</b>	<b>Group C</b>
Eligible to retire prior to January 7, 2013 or five years after January 7, 2013	20 years of service credit prior to January 7, 2013 or eligible to retire ten years after January 7, 2013	Members not in other Groups and members hired on or after January 7, 2013
<b>State and Local</b>	<b>State and Local</b>	<b>State and Local</b>
<b>Age and Service Requirements:</b> Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	<b>Age and Service Requirements:</b> Age 60 with 60 months of service credit or Age 55 with 25 years of service credit	<b>Age and Service Requirements:</b> Age 57 with 25 years of service credit or Age 62 with 5 years of service credit
<b>Formula:</b> 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	<b>Formula:</b> 2.2% of FAS multiplied by years of service for the first 30 years and 2.5% for service years in excess of 30	<b>Formula:</b> 2.2% of FAS multiplied by years of service for the first 35 years and 2.5% for service years in excess of 35

Final average Salary (FAS) represents the average of the three highest years of earnings over a member’s career for Groups A and B. Group C is based on the average of the five highest years of earnings over a member’s career.

Members who retire before meeting the age and years of service credit requirement for unreduced benefits receive a percentage reduction in the benefit amount.

When a benefit recipient has received benefits for 12 months, an annual cost of living adjustment (COLA) is provided. This COLA is calculated on the base retirement benefit at the date of retirement and is not compounded. For those retiring prior to January 7, 2013, the COLA will continue to be a 3.00% simple annual COLA. For those retiring subsequent to January 7, 2013, beginning in calendar year 2019, the COLA will be based on the average percentage increase in the Consumer Price Index, capped at 3.00%.

Benefits in the Combined Plan consist of both an age-and-service formula benefit (defined benefit) and a defined contribution element. The defined benefit element is calculated on the basis of age, FAS, and years of service. Eligibility regarding age and years of service in the Combined Plan is the same as the Traditional Pension Plan. The benefit formula for the defined benefit component of the plan for State and Local members in transition Groups A and B applies a factor of 1.00% to the member’s FAS for the first 30 years of service.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

A factor of 1.25% is applied to years of service in excess of 30. The benefit formula for transition Group C applies a factor of 1.0% to the member’s FAS and the first 35 years of service and a factor of 1.25% is applied to years in excess of 35. Persons retiring before age 65 with less than 30 years of service credit receive a percentage reduction in benefit. The defined contribution portion of the benefit is based on accumulated member contributions plus or minus any investment gains or losses on those contributions. Members retiring under the Combined Plan receive a 2.25% COLA adjustment on the defined benefit portion of their benefit.

Defined contribution plan benefits are established in the plan documents, which may be amended by the OPERS’s Board of Trustees. Member-Directed Plan and Combined Plan members who have met the retirement eligibility requirements may apply for retirement benefits. The amount available for defined contribution benefits in the Combined Plan consists of the member’s contributions plus or minus the investment gains or losses resulting from the member’s investment selections. The amount available for defined contribution benefits in the Member-Directed Plan consists of the members’ contributions, vested employer contributions and investment gains or losses resulting from the members’ investment selections. Employer contributions and associated investment earnings vest over a five-year period, at a rate of 20% each year. For additional information, see the Plan Statement in the OPERS CAFR.

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>State and Local</u>
<b>2019 Statutory Maximum Contribution Rates</b>	
Employer	14.0 %
Employee	10.0 %
<b>2019 Actual Contribution Rates</b>	
Employer:	
Pension	14.0 %
Post-employment Health Care Benefits	<u>0.0</u>
Total Employer	<u>14.0 %</u>
Employee	<u>10.0 %</u>

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City’s contractually required contribution was \$1,099,276 for 2019. Of this amount, \$92,921 is reported as an intergovernmental payable.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

***Plan Description – Ohio Police & Fire Pension Fund (OPF)***

Plan Description - City full-time police and firefighters participate in Ohio Police and Fire Pension Fund (OPF), a cost-sharing, multiple-employer defined benefit pension plan administered by OPF. OPF provides retirement and disability pension benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Benefit provisions are established by the Ohio State Legislature and are codified in Chapter 742 of the Ohio Revised Code. OPF issues a publicly available financial report that includes financial information and required supplementary information and detailed information about OPF fiduciary net position. The report that may be obtained by visiting the OPF website at [www.op-f.org](http://www.op-f.org) or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Upon attaining a qualifying age with sufficient years of service, a member of OPF may retire and receive a lifetime monthly pension. OPF offers four types of service retirement: normal, service commuted, age/service commuted and actuarially reduced. Each type has different eligibility guidelines and is calculated using the member's average annual salary. The following discussion of the pension formula relates to normal service retirement.

For members hired after July 1, 2013, the minimum retirement age is 52 for normal service retirement with at least 25 years of service credit. For members hired on or before July 1, 2013, the minimum retirement age is 48 for normal service retirement with at least 25 years of service credit.

The annual pension benefit for normal service retirement is equal to a percentage of the allowable average annual salary. The percentage equals 2.5 percent for each of the first 20 years of service credit, 2.0 percent for each of the next five years of service credit and 1.5 percent for each year of service credit in excess of 25 years. The maximum pension of 72 percent of the allowable average annual salary is paid after 33 years of service credit. See OP&F CAFR referenced above for additional information, including requirements for Deferred Retirement Option Plan provisions and reduced and unreduced benefits.

Under normal service retirement, retired members who are at least 55 years old and have been receiving OPF benefits for at least one year may be eligible for a cost-of-living allowance adjustment. The age 55 provision for receiving a COLA does not apply to those who are receiving a permanent and total disability benefit and statutory survivors. Members participating in the DROP program have separate eligibility requirements related to COLA.

Members retiring under normal service retirement, with less than 15 years of service credit on July 1, 2013, and members whose pension benefit became effective on or after July 1, 2013, will receive a COLA equal to a percentage of the member's base pension benefit where the percentage is the lesser of three percent or the percentage increase in the consumer price index, if any, over the 12 month period that ends on the thirtieth day of September of the immediately preceding year, rounded to the nearest one-tenth of one percent.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

Funding Policy - The Ohio Revised Code (ORC) provides statutory authority for member and employer contributions as follows:

	<u>Police</u>	<u>Firefighters</u>
<b>2019 Statutory Maximum Contribution Rates</b>		
Employer	19.50 %	24.00 %
Employee:		
January 1, 2019 through December 31, 2019	12.25 %	12.25 %
<b>2019 Actual Contribution Rates</b>		
Employer:		
Pension	19.00 %	23.50 %
Post-employment Health Care Benefits	0.50	0.50
Total Employer	<u>19.50 %</u>	<u>24.00 %</u>
Employee:		
January 1, 2019 through December 31, 2019	12.25 %	12.25 %

Employer contribution rates are expressed as a percentage of covered payroll. The City’s contractually required contribution to OPF was \$625,849 for 2019. Of this amount, \$50,775 is reported as an intergovernmental payable.

***Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions***

The net pension liability for OPERS was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. OPF’s total pension liability was measured as of December 31, 2018, and was determined by rolling forward the total pension liability as of January 1, 2018, to December 31, 2018. The City’s proportion of the net pension liability was based on the City’s share of contributions to the pension plan relative to the contributions of all participating entities. Following is information related to the proportionate share and pension expense:

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
Proportionate Share of the Net Pension Liability	\$15,151,575	\$10,416,103	\$25,567,678
Proportion of the Net Pension Liability-2019	0.055322%	0.127607%	
Proportion of the Net Pension Liability-2018	0.055753%	0.129706%	
Percentage Change	<u>(0.000431%)</u>	<u>(0.002099%)</u>	
Pension Expense	\$3,240,900	\$1,319,715	\$4,560,615

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
<b>Deferred Outflows of Resources</b>			
Changes in assumptions	\$1,318,982	\$276,144	\$1,595,126
Differences between expected and actual experience	700	427,956	428,656
Net difference between projected and actual earnings on pension plan investments	2,056,491	1,283,256	3,339,747
City contributions subsequent to the measurement date	<u>1,099,275</u>	<u>625,849</u>	<u>1,725,124</u>
Total Deferred Outflows of Resources	<u>\$4,475,448</u>	<u>\$2,613,205</u>	<u>\$7,088,653</u>
<b>Deferred Inflows of Resources</b>			
Differences between expected and actual experience	\$198,955	\$9,726	\$208,681
Change in proportionate share	<u>98,707</u>	<u>253,856</u>	<u>352,563</u>
Total Deferred Inflows of Resources	<u>\$297,662</u>	<u>\$263,582</u>	<u>\$561,244</u>

\$1,725,124 reported as deferred outflows of resources related to pension resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending December 31, 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension will be recognized in pension expense as follows:

Year Ending December 31:	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
2020	\$1,291,249	\$551,427	\$1,842,676
2021	640,066	270,820	910,886
2022	190,781	323,985	514,766
2023	956,415	549,263	1,505,678
2024	<u>0</u>	<u>28,279</u>	<u>28,279</u>
Total	<u>\$3,078,511</u>	<u>\$1,723,774</u>	<u>\$4,802,285</u>

**Actuarial Assumptions - OPERS**

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation. The total pension liability in the December 31, 2018 and December 31, 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	December 31, 2018
Wage Inflation	3.25 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	3 percent simple through 2018. 2.15 percent simple, thereafter
Investment Rate of Return	7.2 percent
Actuarial Cost Method	Individual Entry Age
	December 31, 2017
Wage Inflation	3.25 percent
Future Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
COLA or Ad Hoc COLA (Pre 1/7/13 retirees)	3 percent simple
COLA or Ad Hoc COLA (Post 1/7/13 retirees)	3 percent simple through 2018. 2.15 percent simple, thereafter
Investment Rate of Return	7.5 percent
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

The long-term rate of return on defined benefit investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2018, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio, and the Defined Contribution portfolio. The Defined Benefit portfolio contains the investment assets for the Traditional Pension Plan, the defined benefit component of the Combined Plan and the annuitized accounts of the Member-Directed Plan. Within the Defined Benefit portfolio, contributions into the plans are all recorded at the same time, and benefit payments all occur on the first of the month. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Defined Benefit portfolio was a loss of 2.94% for 2018.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

The allocation of investment assets with the Defined Benefit portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the defined benefit pension plans. The table below displays the Board-approved asset allocation policy for 2018 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	23.00 %	2.79 %
Domestic Equities	19.00	6.21
Real Estate	10.00	4.90
Private Equity	10.00	10.81
International Equities	20.00	7.83
Other investments	18.00	5.50
Total	100.00 %	5.95 %

**Discount Rate** The discount rate used to measure the total pension liability was 7.2 percent. The projection of cash flows used to determine the discount rate assumed that contributions from plan members and those of the contributing employers are made at the statutorily required rates. Based on those assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefits payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**Sensitivity of the City’s Proportionate Share of the Net Pension Liability to Changes in the Discount Rate** The following table presents the City’s proportionate share of the net pension liability calculated using the current period discount rate assumption of 7.2 percent, as well as what the City’s proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage-point lower (6.2 percent) or one-percentage-point higher (8.2 percent) than the current rate:

	1% Decrease (6.20%)	Current Discount Rate (7.20%)	1% Increase (8.20%)
City's proportionate share of the net pension liability	\$22,383,281	\$15,151,575	\$9,141,961

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

**Actuarial Assumptions – OPF**

OPF’s total pension liability as of December 31, 2018 is based on the results of an actuarial valuation date of January 1, 2018, and rolled-forward using generally accepted actuarial procedures. The total pension liability is determined by OPF’s actuaries in accordance with GASB Statement No. 67, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future. Assumptions considered were: withdrawal rates, disability retirement, service retirement, DROP elections, mortality, percent married and forms of the payment, DROP interest rate, CPI-based COLA, investment returns, salary increases and payroll growth.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, prepared as of January 1, 2018, compared with January 1, 2017, are presented below.

	January 1, 2018	January 1, 2017
Valuation Date	January 1, 2018, with actuarial liabilities rolled forward to December 31, 2018	January 1, 2017, with actuarial liabilities rolled forward to December 31, 2017
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	8.0 percent	8.0 percent
Projected Salary Increases	3.75 percent to 10.5 percent	3.75 percent to 10.5 percent
Payroll Growth	Inflation rate of 2.75 percent plus productivity increase rate of 0.5	Inflation rate of 2.75 percent plus productivity increase rate of 0.5
Cost of Living Adjustments	3.00 percent simple; 2.2 percent simple for increased based on the lesser of the increase in CPI and 3 percent	3.00 percent simple; 2.2 percent simple for increased based on the lesser of the increase in CPI and 3 percent

For the January 1, 2018 valuation, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Conduent Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

Age	Police	Fire
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

For the January 1, 2018 valuation, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

<u>Age</u>	<u>Police</u>	<u>Fire</u>
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016, the prior experience study was completed December 31, 2011.

The long-term expected rate of return on pension plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expectation. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes.

Best estimates of the long-term expected geometric real rates of return for each major asset class included in OPF’s target asset allocation as of December 31, 2018 are summarized below:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Real Rate of Return</u>
Cash and Cash Equivalents	0.00 %	0.80 %
Domestic Equity	16.00	5.50
Non-US Equity	16.00	5.90
Private Markets	8.00	8.40
Core Fixed Income *	23.00	2.60
High Yield Fixed Income	7.00	4.80
Private Credit	5.00	7.50
U.S. Inflation Linked Bonds*	17.00	2.30
Master Limited Partnerships	8.00	6.40
Real Assets	8.00	7.00
Private Real Estate	12.00	6.10
Total	<u>120.00 %</u>	

OPF’s Board of Trustees has incorporated the “risk parity” concept into OPF’s asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 12 – DEFINED BENEFIT PENSION PLANS (Continued)**

***Discount Rate*** For 2018, the total pension liability was calculated using the discount rate of 8.00 percent. The discount rate used for 2017 was 8.00 percent. The projection of cash flows used to determine the discount rate assumed the contributions from employers and from the members would be computed based on contribution requirements as stipulated by State statute. Projected inflows from investment earning were calculated using the longer-term assumed investment rate of return 8.00 percent. Based on those assumptions, the plan’s fiduciary net position was projected to be available to make all future benefit payments of current plan members. Therefore, a long-term expected rate of return on pension plan investments was applied to all periods of projected benefits to determine the total pension liability.

***Sensitivity of the City's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate*** Net pension liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net pension liability calculated using the discount rate of 8.00 percent, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (7.00 percent), or one percentage point higher (9.00 percent) than the current rate.

	1% Decrease (7.00%)	Current Discount Rate (8.00%)	1% Increase (9.00%)
City's proportionate share of the net pension liability	\$13,691,250	\$10,416,103	\$7,679,245

This Space Intentionally Left Blank

For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS**

***Net OPEB Liability***

The net OPEB liability reported on the statement of net position represents a liability to employees for OPEB. OPEB is a component of exchange transactions—between an employer and its employees—of salaries and benefits for employee services. OPEB are provided to an employee—on a deferred-payment basis—as part of the total compensation package offered by an employer for employee services each financial period. The obligation to sacrifice resources for OPEB is a present obligation because it was created as a result of employment exchanges that already have occurred.

The net OPEB liability represents the City’s proportionate share of each OPEB plan’s collective actuarial present value of projected benefit payments attributable to past periods of service, net of each OPEB plan’s fiduciary net position. The net OPEB liability calculation is dependent on critical long-term variables, including estimated average life expectancies, earnings on investments, cost of living adjustments and others. While these estimates use the best information available, unknowable future events require adjusting these estimates annually.

Ohio Revised Code limits the City’s obligation for this liability to annually required payments. The City cannot control benefit terms or the manner in which OPEB are financed; however, the City does receive the benefit of employees’ services in exchange for compensation including OPEB.

GASB 75 assumes the liability is solely the obligation of the employer, because they benefit from employee services. OPEB contributions come from these employers and health care plan enrollees which pay a portion of the health care costs in the form of a monthly premium. The Ohio revised Code permits, but does not require the retirement systems to provide healthcare to eligible benefit recipients. Any change to benefits or funding could significantly affect the net OPEB liability. Resulting adjustments to the net OPEB liability would be effective when the changes are legally enforceable. The retirement systems may allocate a portion of the employer contributions to provide for these OPEB benefits.

The proportionate share of each plan’s unfunded benefits is presented as a long-term *net OPEB liability* on the accrual basis of accounting. Any liability for the contractually-required OPEB contribution outstanding at the end of the year is included in *intergovernmental payable* on both the accrual and modified accrual bases of accounting.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

***Plan Description – Ohio Public Employees Retirement System (OPERS)***

Plan Description - The Ohio Public Employees Retirement System (OPERS) administers three separate pension plans: the traditional pension plan, a cost-sharing, multiple-employer defined benefit pension plan; the member-directed plan, a defined contribution plan; and the combined plan, a cost-sharing, multiple-employer defined benefit pension plan that has elements of both a defined benefit and defined contribution plan.

OPERS maintains a cost-sharing, multiple-employer defined benefit post-employment health care trust, which funds multiple health care plans including medical coverage, prescription drug coverage and deposits to a Health Reimbursement Arrangement to qualifying benefit recipients of both the traditional pension and the combined plans. This trust is also used to fund health care for member-directed plan participants, in the form of a Retiree Medical Account (RMA). At retirement or refund, member directed plan participants may be eligible for reimbursement of qualified medical expenses from their vested RMA balance.

In order to qualify for postemployment health care coverage, age and service retirees under the traditional pension and combined plans must have twenty or more years of qualifying Ohio service credit. Health care coverage for disability benefit recipients and qualified survivor benefit recipients is available. The health care coverage provided by OPERS meets the definition of an Other Post Employment Benefit (OPEB) as described in GASB Statement 75. See OPERS' CAFR referenced below for additional information.

The Ohio Revised Code permits, but does not require OPERS to provide health care to its eligible benefit recipients. Authority to establish and amend health care coverage is provided to the Board in Chapter 145 of the Ohio Revised Code.

Disclosures for the health care plan are presented separately in the OPERS financial report. Interested parties may obtain a copy by visiting <https://www.opers.org/financial/reports.shtml>, by writing to OPERS, 277 East Town Street, Columbus, Ohio 43215-4642, or by calling (614) 222-5601 or 800-222-7377.

Funding Policy - The Ohio Revised Code provides the statutory authority requiring public employers to fund postemployment health care through their contributions to OPERS. When funding is approved by OPERS' Board of Trustees, a portion of each employer's contribution to OPERS is set aside to fund OPERS health care plans. Beginning in 2018, health care is not being funded.

Employer contribution rates are expressed as a percentage of the earnable salary of active members. In 2019, state and local employers contributed at a rate of 14.0 percent of earnable salary and public safety and law enforcement employers contributed at 18.1 percent. These are the maximum employer contribution rates permitted by the Ohio Revised Code. Active member contributions do not fund health care.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

Each year, the OPERS Board determines the portion of the employer contribution rate that will be set aside to fund health care plans. The portion of employer contributions allocated to health care for members in the Traditional Pension Plan and Combined Plan was 0 percent during calendar year 2019. The OPERS Board is also authorized to establish rules for the retiree or their surviving beneficiaries to pay a portion of the health care provided. Payment amounts vary depending on the number of covered dependents and the coverage selected. The employer contribution as a percentage of covered payroll deposited into the RMA for participants in the Member-Directed Plan for 2019 was 4.0 percent.

Employer contribution rates are actuarially determined and are expressed as a percentage of covered payroll. The City's contractually required contribution was \$0 for 2019.

***Plan Description – Ohio Police & Fire Pension Fund (OP&F)***

Plan Description – The City contributes to the Ohio Police and Fire Pension Fund (OP&F) sponsored healthcare program, a cost-sharing, multiple-employer defined post-employment healthcare plan administered by a third-party provider. This program is not guaranteed and is subject to change at any time upon action of the Board of Trustees. OP&F provides health care benefits including coverage for medical, prescription drug, dental, vision, and Medicare Part B Premium to retirees, qualifying benefit recipients and their eligible dependents.

OP&F provides access to postretirement health care coverage for any person who receives or is eligible to receive a monthly service, disability, or statutory survivor benefit, or is a spouse or eligible dependent child of such person. The health care coverage provided by OP&F meets the definition of an Other Post Employment Benefit (OPEB) as described in Government Accounting Standards Board (GASB) Statement No. 75.

The Ohio Revised Code allows, but does not mandate, OP&F to provide OPEB benefits. Authority for the OP&F Board of Trustees to provide health care coverage to eligible participants and to establish and amend benefits is codified in Chapter 742 of the Ohio Revised Code.

OP&F issues a publicly available financial report that includes financial information and required supplementary information for the plan. The report may be obtained by visiting the OP&F website at [www.op-f.org](http://www.op-f.org) or by writing to the Ohio Police and Fire Pension Fund, 140 East Town Street, Columbus, Ohio 43215-5164.

Funding Policy – The Ohio Revised Code provides for contribution requirements of the participating employers and of plan members to the OP&F defined benefit pension plan. Participating employers are required to contribute to the pension plan at rates expressed as percentages of the payroll of active pension plan members, currently 19.5 percent and 24 percent of covered payroll for police and fire employer units, respectively. The Ohio Revised Code states that the employer contribution may not exceed 19.5 percent of covered payroll for police employer units and 24 percent of covered payroll for fire employer units. Active members do not make contributions to the OPEB Plan.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

OP&F maintains funds for health care in two separate accounts. There is one account for health care benefits and one account for Medicare Part B reimbursements. A separate health care trust accrual account is maintained for health care benefits under IRS Code Section 115 trust. An Internal Revenue Code 401(h) account is maintained for Medicare Part B reimbursements.

The Board of Trustees is authorized to allocate a portion of the total employer contributions made into the pension plan to the Section 115 trust and the Section 401(h) account as the employer contribution for retiree health care benefits. For 2019, the portion of employer contributions allocated to health care was 0.5 percent of covered payroll. The amount of employer contributions allocated to the health care plan each year is subject to the Trustees' primary responsibility to ensure that pension benefits are adequately funded and is limited by the provisions of Sections 115 and 401(h).

The OP&F Board of Trustees is also authorized to establish requirements for contributions to the health care plan by retirees and their eligible dependents or their surviving beneficiaries. Payment amounts vary depending on the number of covered dependents and the coverage selected.

Beginning January 1, 2019, OP&F changed its retiree health care model to a stipend-based health care model. A stipend funded by OP&F will be placed in individual Health Reimbursement Accounts that retirees will use to be reimbursed for health care expenses.

The City's contractually required contribution to OP&F was \$16,470 for 2019.

***OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB***

The net OPEB liability and total OPEB liability for OPERS were determined by an actuarial valuation as of December 31, 2017, rolled forward to the measurement date of December 31, 2018, by incorporating the expected value of health care cost accruals, the actual health care payment, and interest accruals during the year. OP&F's total OPEB liability was measured as of December 31, 2018, and was determined by rolling forward the total OPEB liability as of January 1, 2018, to December 31, 2018. The City's proportion of the net OPEB liability was based on the City's share of contributions to the retirement plan relative to the contributions of all participating entities. Following is information related to the proportionate share and OPEB expense:

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
Proportionate Share of the Net OPEB Liability	\$7,526,761	\$1,162,057	\$8,688,818
Proportion of the Net OPEB Liability-2019	0.057731%	0.127607%	
Proportion of the Net OPEB Liability-2018	<u>0.057663%</u>	<u>0.129706%</u>	
Percentage Change	<u>0.000068%</u>	<u>(0.002099%)</u>	
OPEB Expense	\$661,016	(\$5,739,059)	(\$5,078,043)

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

At December 31, 2019, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
<b>Deferred Outflows of Resources</b>			
Net difference between projected and actual earnings on pension plan investments	\$345,058	\$39,337	\$384,395
Changes in assumptions	242,670	602,354	845,024
Differences between expected and actual experience	2,548	0	2,548
Change in proportionate share	4,958	0	4,958
City contributions subsequent to the measurement date	0	16,470	16,470
Total Deferred Outflows of Resources	<u>\$595,234</u>	<u>\$658,161</u>	<u>\$1,253,395</u>
<b>Deferred Inflows of Resources</b>			
Changes in assumptions	\$0	\$321,712	\$321,712
Differences between expected and actual experience	20,422	31,135	51,557
Change in proportionate share	25,660	118,494	144,154
Total Deferred Inflows of Resources	<u>\$46,082</u>	<u>\$471,341</u>	<u>\$517,423</u>

\$16,470 reported as deferred outflows of resources related to OPEB resulting from City contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in 2020. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	<u>OPERS</u>	<u>OP&amp;F</u>	<u>Total</u>
Year Ending December 31:			
2020	\$248,715	\$31,874	\$280,589
2021	69,698	31,874	101,572
2022	56,911	31,875	88,786
2023	173,828	43,770	217,598
2024	0	25,014	25,014
2025-2026	0	5,943	5,943
Total	<u>\$549,152</u>	<u>\$170,350</u>	<u>\$719,502</u>

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

***Actuarial Assumptions - OPERS***

Actuarial valuations of an ongoing plan involve estimates of the values of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and cost trends. Actuarially determined amounts are subject to continual review or modification as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan and include the types of coverage provided at the time of each valuation and the historical pattern of sharing of costs between OPERS and plan members. The total OPEB liability was determined by an actuarial valuation as of December 31, 2017, rolled forward to the measurement date of December 31, 2018. The actuarial valuation used the following actuarial assumptions applied to all prior periods included in the measurement in accordance with the requirements of GASB 74:

Wage Inflation	3.25 percent
Projected Salary Increases, including inflation	3.25 to 10.75 percent including wage inflation
Single Discount Rate:	
Current measurement date	3.96 percent
Prior Measurement date	3.85 percent
Investment Rate of Return:	
Current measurement date	6.00 percent
Prior Measurement date	6.50 percent
Municipal Bond Rate:	
Current measurement date	3.71 percent
Prior Measurement date	3.31 percent
Health Care Cost Trend Rate:	
Current measurement date	10.0 percent, initial 3.25 percent, ultimate in 2029
Prior Measurement date	7.5 percent, initial 3.25 percent, ultimate in 2028
Actuarial Cost Method	Individual Entry Age

Pre-retirement mortality rates are based on the RP-2014 Employees mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates are based on the RP-2014 Healthy Annuitant mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Post-retirement mortality rates for disabled retirees are based on the RP-2014 Disabled mortality table for males and females, adjusted for mortality improvement back to the observation period base year of 2006. The base year for males and females was then established to be 2015 and 2010, respectively. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to all of the above described tables.

The most recent experience study was completed for the five year period ended December 31, 2015.

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

The long-term expected rate of return on health care investment assets was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed for each major asset class. These ranges are combined to produce the long-term expected real rate of return by weighting the expected future real rates of return by the target asset allocation percentage, adjusted for inflation.

During 2018, OPERS managed investments in three investment portfolios: the Defined Benefit portfolio, the Health Care portfolio and the Defined Contribution portfolio. The Health Care portfolio includes the assets for health care expenses for the Traditional Pension Plan, Combined Plan and Member-Directed Plan eligible members. Within the Health Care portfolio, contributions into the plans are assumed to be received continuously throughout the year based on the actual payroll payable at the time contributions are made, and health care-related payments are assumed to occur mid-year. Accordingly, the money-weighted rate of return is considered to be the same for all plans within the portfolio. The annual money-weighted rate of return expressing investment performance, net of investment expenses and adjusted for the changing amounts actually invested, for the Health Care portfolio was a loss of 5.60 percent for 2018.

The allocation of investment assets with the Health Care portfolio is approved by the Board of Trustees as outlined in the annual investment plan. Assets are managed on a total return basis with a long-term objective of continuing to offer a sustainable health care program for current and future retirees. OPERS' primary goal is to achieve and maintain a fully funded status for the benefits provided through the defined pension plans. Health care is a discretionary benefit. The table below displays the Board-approved asset allocation policy for 2018 and the long-term expected real rates of return:

Asset Class	Target Allocation	Weighted Average Long-Term Expected Real Rate of Return (Arithmetic)
Fixed Income	34.00 %	2.42 %
Domestic Equities	21.00	6.21
Real Estate Investment Trust	6.00	5.98
International Equities	22.00	7.83
Other investments	17.00	5.57
Total	100.00 %	5.16 %

**Discount Rate** A single discount rate of 3.96 percent was used to measure the OPEB liability on the measurement date of December 31, 2018. A single discount rate of 3.85 percent was used to measure the OPEB liability on the measurement date of December 31, 2017. Projected benefit payments are required to be discounted to their actuarial present value using a single discount rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the health care fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate are not met). This single discount rate was based on an expected rate of return on the health care investment portfolio of 6.00 percent and a municipal bond rate of 3.71 percent.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the health care fiduciary net position and future contributions were sufficient to finance health care costs through 2031. As a result, the long-term expected rate of return on health care investments was applied to projected costs through the year 2031, and the municipal bond rate was applied to all health care costs after that date.

***Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate*** The following table presents the City's proportionate share of the net OPEB liability calculated using the single discount rate of 3.96 percent, as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is one-percentage-point lower (2.96 percent) or one-percentage-point higher (4.96 percent) than the current rate:

	1% Decrease (2.96%)	Current Discount Rate (3.96%)	1% Increase (4.96%)
City's proportionate share of the net OPEB liability	\$9,629,531	\$7,526,761	\$5,854,501

***Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Health Care Cost Trend Rate*** Changes in the health care cost trend rate may also have a significant impact on the net OPEB liability. The following table presents the net OPEB liability calculated using the assumed trend rates, and the expected net OPEB liability if it were calculated using a health care cost trend rate that is 1.0 percent lower or 1.0 percent higher than the current rate.

Retiree health care valuations use a health care cost-trend assumption that changes over several years built into the assumption. The near-term rates reflect increases in the current cost of health care; the trend starting in 2019 is 10.00 percent. If this trend continues for future years, the projection indicates that years from now virtually all expenditures will be for health care. A more reasonable alternative is that in the not-too-distant future, the health plan cost trend will decrease to a level at, or near, wage inflation. On this basis, the actuaries project premium rate increases will continue to exceed wage inflation for approximately the next decade, but by less each year, until leveling off at an ultimate rate, assumed to be 3.25 percent in the most recent valuation.

	1% Decrease	Current Health Care Cost Trend Rate Assumption	1% Increase
City's proportionate share of the net OPEB liability	\$7,234,849	\$7,526,761	\$7,862,962

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

***Actuarial Assumptions – OP&F***

OP&F’s total OPEB liability as of December 31, 2018, is based on the results of an actuarial valuation date of January 1, 2018, and rolled-forward using generally accepted actuarial procedures. The total OPEB liability is determined by OP&F’s actuaries in accordance with GASB Statement No. 74, as part of their annual valuation. Actuarial valuations of an ongoing plan involve estimates of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment mortality, salary increases, disabilities, retirements and employment terminations. Actuarially determined amounts are subject to continual review and potential modifications, as actual results are compared with past expectations and new estimates are made about the future.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employers and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between the employers and plan members to that point. The projection of benefits for financial reporting purposes does not explicitly incorporate the potential effects of legal or contractual funding limitations.

Actuarial calculations reflect a long-term perspective. For a newly hired employee, actuarial calculations will take into account the employee’s entire career with the employer and also take into consideration the benefits, if any, paid to the employee after termination of employment until the death of the employee and any applicable contingent annuitant. In many cases, actuarial calculations reflect several decades of service with the employer and the payment of benefits after termination.

Key methods and assumptions used in the latest actuarial valuation, reflecting experience study results, are presented below.

Valuation Date	January 1, 2018, with actuarial liabilities rolled forward to December 31, 2018	January 1, 2017, with actuarial liabilities rolled forward to December 31, 2017
Actuarial Cost Method	Entry Age Normal	Entry Age Normal
Investment Rate of Return	8.0 percent	8.0 percent
Projected Salary Increases	3.75 percent to 10.5 percent	3.75 percent to 10.5 percent
Payroll Growth	Inflation rate of 2.75 percent plus productivity increase rate of 0.5	Inflation rate of 2.75 percent plus productivity increase rate of 0.5
Single discount rate	4.66 percent	3.24 percent
Cost of Living Adjustments	3.00 percent simple; 2.2 percent simple for increased based on the lesser of the increase in CPI and 3 percent	3.00 percent simple; 2.2 percent simple for increased based on the lesser of the increase in CPI and 3 percent

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

Mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale. Rates for surviving beneficiaries are adjusted by 120 percent.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
67 or less	77 %	68 %
68-77	105	87
78 and up	115	120

Mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006, adjusted according to the rates in the following table, and projected with the Buck Modified 2016 Improvement Scale.

<u>Age</u>	<u>Police</u>	<u>Fire</u>
59 or less	35 %	35 %
60-69	60	45
70-79	75	70
80 and up	100	90

The most recent experience study was completed for the five year period ended December 31, 2016, the prior experience study was completed December 31, 2011.

The long-term expected rate of return on OPEB plan investments was determined using a building-block approach and assumes a time horizon, as defined in the Statement of Investment Policy. A forecasted rate of inflation serves as the baseline for the return expected. Various real return premiums over the baseline inflation rate have been established for each asset class. The long-term expected nominal rate of return has been determined by calculating a weighted averaged of the expected real return premiums for each asset class, adding the projected inflation rate and adding the expected return from rebalancing uncorrelated asset classes. Best estimates of the long-term expected geometric real rates of return for each major asset class included in OP&F's target asset allocation as of December 31, 2018, are summarized below:

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 13 - DEFINED BENEFIT OPEB PLANS (Continued)**

Asset Class	Target Allocation	Long Term Expected Real Rate of Return
Cash and Cash Equivalents	0.00 %	0.80 %
Domestic Equity	16.00	5.50
Non-US Equity	16.00	5.90
Private Markets	8.00	8.40
Core Fixed Income *	23.00	2.60
High Yield Fixed Income	7.00	4.80
Private Credit	5.00	7.50
U.S. Inflation Linked Bonds*	17.00	2.30
Master Limited Partnerships	8.00	6.40
Real Assets	8.00	7.00
Private Real Estate	12.00	6.10
Total	120.00 %	

OP&F’s Board of Trustees has incorporated the risk parity concept into OP&F’s asset liability valuation with the goal of reducing equity risk exposure, which reduces overall Total Portfolio risk without sacrificing return, and creating a more risk-balanced portfolio based on their relationship between asset classes and economic environments. From the notional portfolio perspective above, the Total Portfolio may be levered up to 1.2 times due to the application of leverage in certain fixed income asset classes.

**Discount Rate** The total OPEB liability was calculated using the discount rate of 4.66 percent. The projection of cash flows used to determine the discount rate assumed the contribution from employers and from members would be computed based on contribution requirements as stipulated by state statute. Projected inflows from investment earnings were calculated using the longer-term assumed investment rate of return 8 percent. Based on those assumptions, OP&F’s fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, a municipal bond rate of 4.13 percent at December 31, 2018 and 3.16 percent at December 31, 2017, was blended with the long-term rate of 8 percent, which resulted in a blended discount rate of 4.66 percent.

**Sensitivity of the City's Proportionate Share of the Net OPEB Liability to Changes in the Discount Rate** Net OPEB liability is sensitive to changes in the discount rate, and to illustrate the potential impact the following table presents the net OPEB liability calculated using the discount rate of 4.66 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower (3.66 percent), or one percentage point higher (5.66 percent) than the current rate.

	1% Decrease (3.66%)	Current Discount Rate (4.66%)	1% Increase (5.66%)
City's proportionate share of the net OPEB liability	\$1,415,703	\$1,162,057	\$949,144

**Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019**

**NOTE 14 – COMPENSATED ABSENCES**

In accordance with GASB Statement No. 16, "Accounting for Compensated Absences," vacation and compensatory time are accrued as liabilities when an employee's right to receive compensation is attributable to services already rendered and it is probable that the employee will be compensated through paid time off or some other means, such as cash payments at termination or retirement. Leave time that has been earned, but is unavailable for use as paid time off or as some other form of compensation because an employee has not met the minimum service time requirement, is accrued to the extent that it is considered to be probable that the conditions for compensation will be met in the future.

Sick leave is accrued using the vesting method, whereby the liability is recorded on the basis of leave accumulated by employees who are eligible to receive termination payments as of the balance sheet date, and on leave balances accumulated by other employees expected to become eligible in the future to receive such payments.

At December 31, 2019, the City's accumulated, unpaid compensated absences amounted to \$2,398,394, of which \$2,186,915 is recorded as a liability of the Governmental Activities and \$211,479 is recorded as a liability of the Business-Type Activities.

**NOTE 15 - LONG-TERM DEBT**

Long-term debt of the City at December 31, 2019 was as follows:

	Restated Balance December 31, 2018	Additions	(Reductions)	Balance December 31, 2019	Amounts Due Within One Year

**B. Ohio Police and Fire Pension Fund**

The City's liability for past service costs relating to the Ohio Police and Fire Pension Fund at December 31, 2019 was \$54,315 in principal and interest payments through the year 2035. Only the principal amount of \$39,586 is included in the long-term liabilities of the City.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 16 - CONDUIT DEBT OBLIGATIONS**

From time to time, the City has issued revenue bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from hospital and various industrial revenues. Ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of December 31, 2019, there were fourteen series of Industrial Revenue Bonds and one series of Hospital Revenue Bonds outstanding. The aggregate principal amount payable for the fourteen Industrial Revenue Bonds issued prior to January 1, 1996, could not be determined, however, their original issue amounts totaled \$11,430,000.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 17 - CONSTRUCTION COMMITMENTS**

As of December 31, 2019, the City had the following commitments with respect to capital projects:

<u>Capital Projects</u>	<u>Remaining Construction Commitment</u>	<u>Expected Date of Completion</u>
Michigan Ave. Area Storm Water	\$74,996	2020
AWT Safety Improvements	429,586	2020
Conant Street Safety Upgrade - Construction	66,702	2020
Elizabeth Street Sanitation Sewer Pump Station	73,600	2020
Side Cut Crossing Development - F.T. TIF Fund	116,955	2020
Mingo Drive Paving	301,042	2020
Total	<u>\$1,062,881</u>	

**NOTE 18 – SIGNIFICANT COMMITMENTS**

Significant encumbrances outstanding at year-end in the General Fund are \$272,138 and are reported as assigned fund balance. Also, in the Street Construction Fund and the Income Tax B (.5%) Fund (capital projects funds) there are significant encumbrances outstanding in the amounts of \$496,288 and \$1,030,290, respectively. These amounts are reported as part of the committed and restricted fund balances, respectively.

***Notes to the Basic Financial Statements  
For the Year Ended December 31, 2019***

---

**NOTE 19 - INSURANCE AND RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters. In 1994, the City joined the Ohio Plan, a public entity risk plan formed under Section 2744.081 of the Ohio Revised Code that operates as a common risk management and insurance program for 776 member political subdivisions. The City pays an annual premium to the Ohio Plan for its general insurance coverage. The agreement for formation of the Ohio Plan provides that the organization will be self-sustaining through member premiums and will reinsure all claims in excess of a member's deductible through commercial insurance and reinsurance companies.

The City maintains a self-funded health insurance program with claims processed by Mutual Health Services on behalf of the City. A separate Medical Care - Self Insured Fund (an internal service fund) was created in 1990 to account for and finance the health insurance program. As an integral part of the health insurance program, a reinsurance policy has been purchased covering claims in excess of \$100,000 per individual per year up to a maximum of \$1,000,000 per year. Settled claims have not exceeded the commercial coverage limits in any of the past three fiscal years.

All funds of the City from which employee salaries are paid participate in the health insurance program and make payments to the Medical Care - Self Insured Fund based on actuarial estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. Total contributions to the program during 2019 were \$3,623,032. The claims liability of \$355,747 reported in the Medical Care - Self Insured Fund at December 31, 2019 is based on the requirements of GASB Statement No. 10, "Accounting and Financial Reporting for Risk Financing and Related Insurance Issues," as amended by GASB Statement No. 30 "Risk Management Omnibus," which requires that a liability for claims be reported if information prior to issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the Medical Care - Self Insured Fund's claims liability amount in fiscal years 2017, 2018 and 2019 were:

Fiscal Year	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claims Payments	Claims Liability at Fiscal Year End
2017	\$75,667	2,608,639	(2,532,199)	\$152,107
2018	152,107	2,472,777	(2,556,726)	68,158
2019	68,158	3,714,960	(3,427,371)	355,747

The City pays unemployment claims to the State of Ohio as incurred.

The City continues to carry commercial insurance for other risks of loss, including employee life insurance. There has been no significant reduction in insurance coverages from coverages in the prior year. In addition, settled claims resulting from these risks have not exceeded commercial insurance coverages in any of the past three fiscal years.

*Changes in assumptions:*

2014-2016: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2017: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.00% to 7.50%
- Decrease in wage inflation from 3.75% to 3.25%
- Change in future salary increases from a range of 4.25%-10.02% to 3.25%-10.75%
- Amounts reported beginning in 2017 use mortality rates based on the RP-2014 Healthy Annuitant mortality Table.

2018: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2019: The following were the most significant changes of assumptions that affected the total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 7.50% to 7.20%

**OHIO POLICE AND FIRE (OP&F) PENSION FUND**

*Changes in benefit terms:* There were no changes in benefit terms for the period 2014-2019.

*Changes in assumptions:*

2014-2017: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

2018: The following were the most significant changes of assumptions that affected total pension liability since the prior measurement date:

- Reduction in actuarial assumed rate of return from 8.25% to 8.00%
- Decrease salary increases from 3.75% to 3.25%
- Change in payroll growth from 3.75% to 3.25%
- Reduce DROP interest rate from 4.5% to 4.0%
- Reduce CPI-based COLA from 2.6% to 2.2%
- Inflation component reduced from 3.25% to 2.75%
- For the January 1, 2017, valuation, mortality for non-disabled participants is based on the RP-2014 Total Employee and Healthy Annuitant Mortality Tables rolled back to 2006
- For the January 1, 2017, valuation, mortality for disabled retirees is based on the RP-2014 Disabled Mortality Tables rolled back to 2006

2019: There were no changes in methods and assumptions used in the calculation of actuarial determined contributions.

***Notes to the Required Supplemental Information  
For the Year Ended December 31, 2019***

---

**NET OPEB LIABILITY**

**OHIO PUBLIC EMPLOYEES RETIREMENT SYSTEM (OPERS)**

*Changes in benefit terms:* There were no changes in benefit terms for the periods 2018-2019.

*Changes in assumptions:*

For 2018, the single discount rate changed from 4.23% to 3.85%.

2019: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.85% to 3.96%.
- Reduction in actuarial assumed rate of return from 6.50% to 6.00%
- Change in health care cost trend rate from 7.5% to 10%

**OHIO POLICE AND FIRE (OP&F) PENSION FUND**

*Changes in benefit terms:*

2018: There were no changes in benefit terms.

2019: The retiree health care model and the current self-insured health care plan were replaced with a stipend-based health care model.

*Changes in assumptions:*

2018: There were no changes in assumptions.

2019: The following were the most significant changes of assumptions that affected the total OPEB liability since the prior measurement date:

- The single discount rate changed from 3.24% to 4.66%.

*COMBINING AND INDIVIDUAL FUND  
STATEMENTS AND SCHEDULES*

---

*THE FOLLOWING COMBINING STATEMENTS AND SCHEDULES INCLUDE  
THE MAJOR AND NONMAJOR GOVERNMENTAL FUNDS, INTERNAL  
SERVICE FUNDS AND FIDUCIARY FUNDS.*

***Nonmajor Governmental Funds***

---

***Special Revenue Funds***

---

Special Revenue funds are used to account for the proceeds of specific revenue sources (other than amounts relating to major capital projects) that are legally restricted to expenditures for specified purposes.

**Street Construction, Maintenance and Repair Fund**

To account for revenues distributed by the state from the motor vehicle and gasoline taxes. Expenditures may only be for street construction and maintenance.

**State Highway Improvement Fund**

To account for the revenues distributed by the state from the motor vehicle taxes, permissive fees and gasoline taxes. Expenditures may only be used for street and state highway improvements and maintenance.

**Permissive Auto License Tax Fund**

To account for the permissive auto license taxes levied for street construction, maintenance and repair.

**Street Lighting Fund**

To account for the revenue from special assessments for street lighting construction and operation.

**Law Enforcement Trust Fund**

To account for funds received by the police department for contraband, per state statute.

**Mandatory Drug Law Fund**

To account for mandatory fines collected for drug offenses.

**Enforcement and Education Fund**

To account for financial resources used to educate and treat persons with alcohol related problems and to enhance law enforcement activities as a deterrent to the operation of motor vehicles while under the influence of alcohol.

**Indigent Driver Alcohol Treatment Fund**

To account for the revenues from fines as established by the state to pay for alcohol treatment related training programs for indigent persons.

(Continued)

***Special Revenue Funds (Continued)***

---

**Municipal Court Capital Improvement Fund**

To account for the acquisition, improvement, replacement and repair of capital assets of the Maumee Municipal Court.

**Community Housing Improvement Program Fund**

To account for financial resources for use in assisting low income home owners and first time buyers.

**Job Creation and Retention Fund**

To account for grants made by the City through the Job Creation and Retention Grant Program. (The Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances are not presented because this fund is reported as part of the General Fund on a GAAP basis.)

**Police Pension Fund**

To account for taxes levied toward partial payment of the current and accrued liability for police disability and pension.

**Street Opening Fund**

To account for performance bonds posted by contractors and owners to ensure full restoration of pavement or completion of construction on public property.

**Probation Services Fund**

To account for revenues generated from court costs from cases requiring services from the Probation Division.

**Indigent Driver Interlock Monies Fund**

This fund is used to account for revenues from fines as established by the State to pay for interlock monitoring programs for indigent persons.

**Court Clerk Computer Fund**

This fund is used to account for collection and distribution of revenues and expenditures from the Maumee Municipal Court for charges and collections of an additional fee on each traffic and criminal case disposed of, to fund the computerization of the Maumee Municipal Court Clerk's office."

**Indigent Driver Alcohol Treatment Surplus Fund**

This fund is used to account for revenues from fines to fund the computerization of the Maumee Municipal Court Clerk's office.

**Arrowhead Business Park TIF Fund**

To account for financial resources to be used for the construction and installation of infrastructure improvements in the Arrowhead Business Park area of the City.

**Tolgate Drive TIF Fund**

To account for financial resources to be used for the construction and installation of infrastructure improvements in the Tolgate Drive TIF area of the City.

***Special Revenue Funds (Continued)***

---

**Mingo Drive TIF Fund**

To account for financial resources to be used for the construction and installation of infrastructure improvements in the Mingo Drive TIF area of the City.

***Debt Service Funds***

---

The Debt Service Funds are used to account for retirement of the City's general obligation and special assessment bonds.

**General Bond Retirement Fund**

To account for the accumulation of resources for the payment of general obligation debt of the City including self-supporting obligations not otherwise paid from proprietary funds.

**Special Assessment Bond Retirement Fund**

To account for accumulated special assessment revenues collected by the County Treasurer and remitted to the City by the County Auditor for payment of assessment bonds.

***Capital Projects Funds***

---

The Capital Projects Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities, other than those financed by proprietary or trust funds.

**Sewer Construction Fund**

To account for revenues and expenditures for the construction and acquisition of capital sewer projects.

**Waterline Construction Fund**

To account for revenues and expenditures for the construction and acquisition of capital waterline projects.

**Street Construction Fund**

To account for revenues and expenditures committed for the construction and acquisition of capital street projects..

**Sidewalk Construction Fund**

To account for revenues and expenditures for the construction and acquisition of capital sidewalk projects.

**Permanent Improvement Fund**

To account for revenues and expenditures designated for specific projects of capital acquisition or construction and other specific operations.

---

## *STATISTICAL TABLES*

---

This part of the City’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City’s overall financial health.

### *Contents*

---

<b>Financial Trends</b>	S 2 – S 13
These schedules contain trend information to help the reader understand how the City’s financial position has changed over time.	
<b>Revenue Capacity</b>	S 14 – S 17
These schedules contain information to help the reader understand and assess the factors affecting the City’s ability to generate its most significant local revenue sources, the income tax.	
<b>Debt Capacity</b>	S 18 – S 25
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future.	
<b>Economic and Demographic Information</b>	S 26 – S 29
These schedules offer economic and demographic indicators to help the reader understand the environment within which the City’s financial activities take place and to provide information that facilitates comparisons of financial information over time and among governments.	
<b>Operating Information</b>	S 30 – S 37
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to the services the City provides and the activities it performs.	
<b>Sources Note:</b>	
Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.
